Teaching Plan

Week Ending: 14-01-2022 Subject: Mathematics Duration: 4 days Topic/s: Whole numbers

Periods Per Week: 8 Reference Materials: Heinemann Maths 5 pupils' textbooks

Objectives: 1.1.1.1.1 read in numerals and words numbers up to 10 000

1.1.1.2 write in numerals and words numbers up to 10 000

1.1.1.3 Classify whole numbers as odd, even and prime.

1.1.1.4 Denote place value up to 10 000.

Content	Activities	Teaching/Learning Aids	Lesson Evaluation
a)4356= four thousand three hundred and fifty-six b)seven thousand two hundred and twenty= 7220	-discussion about how to read numbers -explanation -chalkboard illustration -written exercise	-chalkboard illustrations -number cards	
Number classification -Odd numbers= 235, 451, 363 -Even numbers= 424, 5638, 290 -prime numbers= 13, 17, 419,123	-explanation of what are odd, even and prime numbers. -pairwork in which learners classify numbers -written exercise	-chalkboard illustrations -work cards	
Place value TH H T U 7 8 2 5 The place value of 2 in the number is tens	-discussion about how to denote the place value of digits -explanation -denoting the place value orally -written exercise	-Chalkboard illustration	

Teaching Plan

Week Ending: 14-01-2022 **Subject:** English **Duration:** 4 days **Topic/s:** Instructions and directions

Periods Per Week: 8 **Reference Materials:** English 5 pupils' textbooks

Objectives: 1.2.1.1 Carry out oral instructions on how to perform a task.

2.1.1.1 Use appropriate discourse markers in a conversation

5.1.1.1 Identify and use common nouns

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
How to prepare tea step 1 Make fire step 2 boil some water step 3 prepare tea set	-discussion -describing -explanation -carry out instructions -exercise writing	-sentence strips -tea set	
Discourse Signals -frowning indicates sadness/anger -shaking of the head side to side indicates refusal -nodding the head indicates agreement	-recapping the previous lesson -discussion -explanation -demonstration	-pictures showing discourse signals	
Common Nouns -Naledi-person -Mahalapye-place - Chair- object	-discussion -naming various objects in the vicinity -identification of nouns	-objects in the vicinity	

Teaching Plan

Week Ending: 14-01-2022 **Subject:** Agriculture **Duration:** 1 day
Topic/s: Introduction to Agriculture

Periods Per Week: 4 **Reference Materials:** Agriculture 5 pupils' textbook

Objectives: 1.1.1.1 Describe Agriculture

1.1.1.2 List the different branches of Agriculture

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
What is Agriculture -it is the growing of crops and the rearing of livestock **Branches of Agriculture** -animal husbandry -horticulture -economics -agronomy -soil science	-description of Agriculture -discussion and explanation -listing of branches of Agriculture -notes writing	-flash cards showing branches of Agriculture	

Teaching Plan

Week Ending: 14-01-2022 **Subject**: CAPA **Duration:** 2 days **Topic/s**: Hygiene

Periods Per Week: 4 **Reference Materials**: Heinemann CAPA 5 pupils' textbooks

Objectives: 1.1.1.1 describe a hygienic environment

1.1.1.2 practice hygiene within different environment

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Hygiene -hygiene refers to keeping healthy - a hygienic environment is a clean and safe one **Hygiene in different areas** -at school -at home -my body -my village	-discussion -describing -listing places and areas where hygiene has to be practiced -demonstrate personal hygiene	-pictures showing hygienic practices - items used for personal hygiene such as toothbrush, tooth paste, soap etc	

Teaching Plan

Week Ending: 14-01-2022 **Subject**: Setswana **Duration:** 3 days **Topic/s**: Instructions and Directions

Periods Per Week: 7 **Reference Materials**: Masa a sele learner's book 5

Objectives: 1.1.1.1 Carry out oral instructions on how to do something

2.1.1.1 Give clear oral instructions on how to do something

3.1.1.1 Follow written instructions on how to do something

4.1.1.1 Write clear instructions on how to do something

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Instructions • Close the door • Open the windows	-discussion -giving instructions -carrying out instructions	-Classroom environment	
Instructions • Walk on your toes • Touch the floor	-recapping the previous lesson -discussion -giving instructions -following instructions	-Classroom environment	
Instructions • Turn left from the gate • By pass the	-recapping the previous lesson -discussion -writing clear	-Classroom environment -Chalkboard illustrations	

green house and go straight	instructions	-Chart	

Teaching Plan

Week Ending: 14-01-2022 **Subject**: Social Studies **Duration:** 2 days
Topic/s: Marriage

Periods Per Week: 4 **Reference Materials**: Collegium Social Studies 5 learners book

Objectives: 1.1.1.1 Describe the different forms of marriage

1.1.1.2 Differentiate between monogamous and polygamous marriage

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Marriage • A bond between a husband and a wife	-discussion -describing -explaining -note taking	-pictures showing marriage -chalkboard illustrations	
Forms of marriage • Monogamous marriage = one husband one wife • Polygamous marriage = one husband many wives	-recapping -discussion -listing -describing -differentiating -note taking -written exercise	-pictures showing marriage -chalkboard illustrations	

Teaching Plan

Week Ending: 14-01-2022 **Subject**: Religious & Moral Education **Duration:** 1 day
Topic/s: Faith

Periods Per Week: 2 **Reference Materials**: Religious and Moral Education learners' textbook 5

Objectives: 1.1.1.1 Explain religion

1.1.1.2 Name world religions represented in Botswana

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Religion • It is the belief in something, someone or some power that is greater than you Examples of Religions • ATR • Bahai Faith • Islam	-discussion -explaining -listing of religions -describing -explaining -notes writing	-chalkboard illustrations -flash cards	

• Buddhism • Hinduism • Sikhism • Christianity			

Teaching Plan

Week Ending: 14-01-2022 **Subject**: Science **Duration:** 3 days **Topic/s**: The Nature of Science

Periods Per Week: 6 **Reference Materials**: Collegium Science is Fun learners book 5

Objectives: 1.1.1.1 Demonstrate the following Scientific processes; observing, communicating, comparing, organizing, relating, inferring, predicting, analyzing and applying

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
What is Science • The study of everything around us. • A Scientist is a person who studies science. Science is an on-going process. Processes in Science	-discussion about scientific processes -explanation of what scientific processes are -touring the environment -discussion -listing of scientific	-natural environment -flash cards showing scientific processes	

• Observing- seeing and touching things • Communicating- sharing ideas with others	processes -demonstration of scientific processes in groups -written exercise		

Teaching Plan

Week Ending: 21-01-2022 **Subject**: Mathematics **Duration:** 5 days **Topic/s**: Whole Numbers

Periods Per Week: 7 **Reference Materials**: Maths 5 Dipalo learners' textbook

Objectives: 1.1.1.3 Classify numbers as odd, even and prime numbers

1.1.1.5 Write numbers in expanded form

1.1.1.6 Use symbols < = > to compare numbers up to 10 000

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Even numbers • Numbers that can be divided exactly by 2 without leaving a	-discussion -giving examples of even numbers -written exercise	-chalkboard illustrations	

remainder., eg 32, 54			
Odd numbers • Numbers that leave a remainder when divided by 2, eg 5,9,15	-recapping -explaining -listing numbers -classifying odd numbers	-chalkboard illustrations	
Prime numbers • Numbers that are divisible by 1 and themselves only, eg 3,7,13,17	-recapping -explaining -listing numbers -classifying prime numbers Written exercise	-chalkboard illustrations	
Number Expansion 2765= 2000 + 700 + 60 + 5	-discussion -demonstration -chalkboard practice Written exercise	-chalkboard illustrations	
Comparing numbers 1456 < 4523 500 + 20 +6 = 526	-discussion -use symbols to compare numbers	-chalkboard illustrations	

Teaching Plan

Week Ending: 21-01-2022 **Subject**: Agriculture **Duration:** 2 days **Topic/s**: Introduction to Agriculture

Periods Per Week: 4 **Reference Materials**: Collegium Agriculture 5

Objectives: 1.1.1.3 Describe the three systems of Agriculture

1.1.1.4 Outline the importance of Agriculture in Botswana

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Systems of Agriculture • Subsistence-producing for family	-recapping -discussion -listing the three	-flash cards	

feeding • Commercial-producing for selling • Cash crop-producing for family and selling surplus	systems -description of each system -notes writing		
Importance of Agriculture • Source of food • Source of income • Drought power	-recapping -discussion -outlining -notes writing		

Teaching Plan

Week Ending: 21-01-2022 **Subject**: Science **Duration:** 4 days **Topic/s**: The Nature of Science

Periods Per Week: 6 **Reference Materials**: Science is fun learners' textbook 5

Objectives: 1.1.1.2 Demonstrate how science is an on-going process of gathering and evaluating information

1.1.2.1 Identify a human or environmental problem.

1.1.2.2 Propose a solution to address the problem

1.1.2.3 Design a solution or product taking into account the human or environmental factors

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Science as an on-going process • Observe, record, analyse, communicate	-discussion -explaining -demonstration	-A chart showing scientific processes	
Human or Environmental problem -human-pollution -environment- soil erosion	-recapping -discussion -describing -listing problems	-pictures showing environmental problems	
Solution to a problem soil erosion • Ploughing across the slope • Stopping veld fires	-recapping -discussion -group work -group presentation -notes writing	-pictures showing environmental problems	
Designing solution • Planting trees • Litter picking campaign	-recapping -group work -group presentations	-pictures showing environmental problems -manilla sheets -markers	

Teaching Plan

Week Ending: 21-01-2022 **Subject**: Religious and Moral Education **Duration:** 3 days **Topic/s**: Faith

Periods Per Week: 4 **Reference Materials**: Religious & Moral Education learners book 5

Objectives: 1.1.1.3 Identify the key founders of the given religions

1.1.1.4 Describe ways in which members of different religions express their religious identity

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Founders -Christianity- Jesus Christ -Islam-Muhammed	-recapping -discussion -listing -identifying -matching	-A chart showing religious founders - word cards	
Religious Identity • Symbols • Clothes • Hair • food	-discussion -identifying religious identity elements	-A chart showing identity elements	

Teaching Plan

Week Ending: 21-01-2022 **Subject**: Social Studies **Duration:** 4 days

Topic/s: Marriage

Periods Per Week: 4 **Reference Materials**: Social Studies 5 Learners' book

Objectives: 1.1.1.3 Discuss how different forms of marriage encourage or discourage the spread of HIV and AIDS infection

1.1.1.4 Explain the concept of intermarriage

1.1.1.5 Evaluate the importance of marriage

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
-Monogamy discourages the spread of HIV infection -polygamy encourages the spread of HIV infection.	-discussion -differentiation -role playing	-A chart showing different marriages	
Intermarriage • when one marries from a different tribe or ethnic group Forms of intermarriages - racial - social - religious	-recapping -discussion -explanation -Written exercise	-pictures showing intermarriages	
Importance of marriage • brings families together • help bring tolerance among communities	-recapping the previous lesson -discussion -notes writing	-pictures showing marriages	

Teaching Plan

Week Ending: 21-01-2022 **Subject**: CAPA **Duration:** 4days **Topic/s**: Safety and First Aid

Periods Per Week: 8 **Reference Materials**: CAPA 5 learners' textbook

Objectives: 1.1.2.1 Follow simple instructions to minimize risks

1.1.2.2 Label tools , equipment , instrument and implements for storage

1.1.2.3 Work safely with tools, range of materials, equipment for storage

1.1.2.4 Explain first aid, discuss the importance of first aid

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Minimizing Risks • lock up tools • - pick up items on the floor	-discussion -explanation -following of instructions	-A chart showing different tools	
Labeling tools • Rake • Spade • Digging fork	-recapping -discussion -labeling tools	-A chart showing different tools	
Proper use of tools -rake- leveling -handfork-cultivating -digging fork-digging	-recapping -discussion -demonstration -notes writing	-A chart showing different tools	

Teaching Plan

Week Ending: 21-01-2022 **Subject**: Setswana **Duration:** 5 days **Topic/s**: Instructions and directions

Periods Per Week: 7 **Reference Materials**: Masa A Sele learners' book 5

Objectives: 1.1.1.2 Follow directions on where to find something

2.1.1.2 Give clear directions on where to find something

3.1.1.2 Follow written directions on where to find something

4.1.1.2 Write clear directions on how to get to a specific place

4.9.1.1 Use the following parts of speech correctly in sentences a) noun b) pronouns c) verbs

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Directions • Go to the storeroom • Open one box, get one pen	-discussion -giving directions -follow directions	-classroom environment	
Giving Directions • Go straight • Turn left • By pass the buildings	-recapping -discussion -giving clear directions -following directions	-school premises	
Follow Written Directions • write the word SETSWANA • walk towards the door	-recapping -discussion -following written directions	-flash cards	
Writing Directions • pick up the yellow container • close the cupboard	-recapping -discussion -writing directions	-chalkboard illustrations	
Pronouns • yone • sone • lone • bone	-discussion Explanation -oral use of pronouns -written exercise	-chart showing pronouns -chalkboard illustrations	

Teaching Plan

Week Ending: 28-01-2022 **Subject**: Agriculture **Duration:** 3 days **Topic/s**: Introduction to Agriculture

Periods Per Week: 4 **Reference Materials**: collegiums Agriculture 5 learners' textbook

Objectives: 1.1.1.5 Discuss the impact of HIV/AIDS in agriculture production

1.1.1.6 Discuss problems faced by farmers in Botswana

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Impact of HIV/AIDS • loss of skilled manpower	-discussion -explaining -question and answer -notes writing	-illustrations from the board	
Problems faced by farmers • poor soils • low and unreliable rainfall • low level of education	-recapping -discussion -notes writing	-A chart showing problems faced by farmers	

Teaching Plan

Week Ending: 28-01-2022 **Subject**: Science **Duration:** 4days **Topic/s**: The Environment

Periods Per Week: 6 **Reference Materials**: Science is fun 5 learners' textbook

Objectives: 2.1.1.1 Describe the interaction among living and non living components in a given environment

2.1.1.2 Explain how the ability of an environment to provide food, water, space and essential nutrients affect its carrying capacity

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Interaction • feeding on one another • soil need plants to hold it together	-discussion -describing -notes writing	-A chart showing the interaction	
Carrying Capacity • the ability of an environment to support living things without any damage Factors affecting the carrying Capacity • space • food • water	-discussion -explanation -notes writing	-flash cards -chalkboard illustrations	

Teaching Plan

Week Ending: 28-01-2022 **Subject**: Social Studies **Duration:** 4 days
Topic/s: Marriage and Family

Periods Per Week: 4 **Reference Materials**: collegiums social studies 5 learners' textbook

Objectives: 1.1.1.6 Discuss the causes of Divorce

1.1.1.7 Discuss ways in which families can deal with Divorce

1.1.2.1 Describe how a family develops

1.1.2.2 Explain the importance of a family

1.1.2.3 Discuss the advantages and disadvantages of having a large or small family

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Causes of Divorce • irresponsibility and negligence • abuse • adultery	-discussion -groupwork -group presentation -notes writing	-word cards -A4 papers	
Dealing with Divorce • counseling • willing to share property • taking care of the children	-recapping -discussion -explanation -notes writing	-word cards -chalkboard illustrations	
Development of a Family • it starts with marriage	-discussion -groupwork Group presentations	-sentence strips	

• types of families			
Advantages of a large Family • sharing of responsibilities • helping one another	-recapping -discussion -notes writing	-sentence strips	

Teaching Plan

Week Ending: 28-01-2022 **Subject**: Mathematics **Duration:** 5 days

Topic/s: Operations

Periods Per Week: 7 **Reference Materials**: Dipalo 5 learners textbook

Objectives: 1.2.1.2 Adding numbers up to 4 digits

1.2.1.3 Apply commulative and associative laws of addition

1.2.1.4 Identify elements of addition

1.2.1.5 Estimate differences of given numbers

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Addition 1444+2365=	-explanation -chalkboard practice -written exercise	-chalkboard illustrations	
Laws Commulative 3+5= 5+3 Associative 2+4+6= 2+6+4 Identity element of addition -a number that does	-recapping -discussion -written exercise	-chalkboard illustrations	

not make a difference when added, eg 0			
Estimate the Difference 67-23 rounded to the nearest 10 765-321 rounded to the nearest 100	-discussion -explanation -chalkboard practice -written exercise	-chalkboard illustrations	
Topic Test		-manilla -bostick	

Teaching Plan

Week Ending: 21-05-2021 **Subject**: Setswana **Duration:** 5 days **Topic/s**: sounds

Periods Per Week: 7 **Reference Materials**: Setswana 5 learners textbook

Objectives: 1.2.1.1 Identify similar sounds

1.2.1.2 Identify sounds that differentiate words

2.2.1.1 Pronounce words correctly

2.2.1.2 Express themselves fluently

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Similar sounds • thaba thata	-discussion -identification of sound -written exercise	-chalkboard illustrations	
Sounds that differentiate words	-recapping -discussion	-chalkboard illustrations	

• thaba thata	-sound identification Written exercise	
Pronounciation • raga • aga	-discussion -oral pronounciation -written exercise	
Self expression • fluent self expression	-discussion -group work -class discussion	
Topic Test		-manilla -bostick

Teaching Plan

Week Ending: 21-05-2021 **Subject**: English **Duration:** 4 days **Topic/s**: Grammar and Syntax

Periods Per Week: 8 **Reference Materials**: English 5 learners' textbook

Objectives: 5.5.1.1 Prepositions of place

5.5.1.2 Prepositions of direction

5.5.1.3 Prepositions of time

5.1.1.2 Use singular and plural nouns

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Prepositions of Place • on	-discussion -listing prepositions	-A chart showing prepositions	

• under	-written exercise	
Prepositions of Direction • towards	-recapping -discussion -written exercise	-A chart showing prepositions
Prepositions of Time • in • at • after	-Recapping -Discussion -written exercise	-A chart showing prepositions
Singular and plurals Book – books Wife – wives	-discussion -chalkboard practice -written exercise	-chalkboard illustrations

Teaching Plan

Week Ending: 28-01-2022 **Subject**: CAPA **Duration:** 4 days **Topic/s**: Shapes, forms and textures

Periods Per Week: 7 **Reference Materials**: CAPA 5 learners textbook

Objectives: 2.1.1.1 Identify types of lines, vertical, horizontal, diagonal, zigzag and curved

2.1.1.2 Use lines to create contour drawings

2.1.1.3 Describe a Form

2.1.1.4 Explore the effects of light on objects

Content	Activities	Teaching/ Learning	Lesson Evaluation

		Aids	
Types of lines • horizontal • Vertical • Diagonal • Zigzag	-discussion -line identification -notes writing	-A chart showing lines	
Use of lines for drawings	-recapping -discussion -contour drawing	-A chart showing lines	
A Form • An object that has three dimensions Effects of light on objects • Object have a shadow	-discussion -drawing of a form	-Classroom objects	

Teaching Plan

Week Ending: 28-01-2022 **Subject**: Religious and Moral Education **Duration:** 3 days **Topic/s**: Introduction to Morality

Periods Per Week: 4 **Reference Materials**: Religious and Moral Education learners' textbook 5 pg 19-28

Objectives: 2.1.1.1 Explain morality

2.1.1.2 Identify morally right actions in their society

2.1.1.3 Give examples of morally wrong actions in their society

2.1.1.4 Assess the behavior of people in the society today

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Morality • This is about how we behave Morally Right Actions • Respecting elders	-discussion -explanation -identifying morally right actions	-pictures	
Morally wrong actions • Fighting • Insulting others • stealing	-recapping the previous lesson -discussion -giving examples of wrong actions	-pictures	

Teaching Plan

Week Ending: 05-02-2021 **Subject**: Science **Duration: 3 days** **Topic/s**: Nature and the Universe

Periods Per Week: 4 **Reference Materials**: Science 5 learners' textbook

Objectives: 2.2.1.1 Investigate conditions necessary for photosynthesis

2.3.1.1 State characteristics of vertebrates

2.3.1.2 State characteristics of invertebrates

2.3.1.3 Identify classes of vertebrates

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Photosynthesis • a process whereby plants make their own food conditions • water • air • sunlight • chlorophyll	-discussion -defining -collection of leaves -leaf observation	-real plant leaves	
Characteristics of Vertebrates • they have the back bone	-discussion -listing of animals -classifying animals -stating characteristics	-A chart showing vertebrates and invertebrates	
Characteristics of Invertebrates • they don't have the back bone	-recapping -discussion -listing of animals -classifying animals -stating characteristics	-A chart showing vertebrates and invertebrates	
Classes of Vertebrates • mammals • birds • fish	-recapping -discussion -classifying vertebrates	-A chart showing vertebrates	

Teaching Plan

Week Ending: 04-06-2021 **Subject**: English **Duration:** 4 days **Topic/s**: Nouns, continous writing

Periods Per Week: 8 **Reference Materials**: The grammar lab pg 29-30

Objectives: 5.1.1.2 Use singular and plural nouns

4.3.2.1 Use appropriate vocabulary with correct spelling

1.2.1.1 Carry out oral instructions on how to perform a task

2.2.1.1 Communicate information in complete sentences

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Singular and plural Chalk – chalks Table – tables	-discussion -use of singular and plural nouns orally -written exercise	-A chart showing singular and plural nouns	
Spelling • use of vocabulary with correct spelling • the techer is comunicating	-discussion -chalkboard practice -written exercise	-chalkboard illustrations -sentence strips	
Instructions • go to the office and pick up a pair of scissors • use it to cut the picture of plant • paste the picture in the middle of the hard cover	-discussion -giving oral instruction -group work -group presentation	-work cards	
Communication/sentence completion • I am a standard five pupil and my teacher is _____ • I _____playing _____ with my friends after school	-discussion -oral activity -written exercise	-sentence strips	

Teaching Plan

Week Ending: 04-06-2021 **Subject**: Setswana **Duration:** 5 days **Topic/s**:

Periods Per Week: 7 **Reference Materials**: Sounds and stories

Objectives: 1.2.1.2 Identify sounds that differentiate a given set of words

2.2.1.1 Pronounce words in a standard way in a formal situation

3.2.1.1 Identify the correct use of f/g/le/lo tl/t/tlh/th

4.2.1.1 Use formal language in formal situations

5.1.1.3 Thank family and community for what they did

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Sounds that differentiate Tlosa – tlola Kgaba- kgala	-discussion -group work Group presentation	-work cards	
Words in a standard way Lefeelo – lofeelo Sechaba – setshaba	-discussion -chalkboard practice -written exercise	-chalkboard illustrations	
Correct use of f/g le/lo Fakgamala – gakgamala Lonao – lenao	-recap the previous lesson -discussion -written exercise	-flash cards	
Correct use of tl/t tlh/th Thata Thapelo Tlola Tlhakantshuke	-recapping -discussion -group work -group presentations -written exercise	-work cards	
Formal language Redio – seromamowa Fensetere- seokomelabagwe	-discussion -oral practice Written exercise	-flash cards	

Teaching Plan

Week Ending: 05-02-2021 **Subject**: CAPA **Duration: 4 days** **Topic/s**: composers and artists

Periods Per Week: 7 **Reference Materials**: CAPA 5 learners textbook

Objectives: 3.5.1.1 Differentiate between a composer and an artist

3.5.1.2 List famous composers of Botswana origin

3.5.1.3 Classify famous compositions according to composers

3.5.1.4 Name famous traditional artist of Botswana origin

3.5.1.5 List famous artist of modern music in Botswana

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Composers and Artists A composer writes music An artist performs (performer) Famous composers • KT Motsete	-singing a song of their choice -questions and answer -differentiation between a composer and an artist -listing famous composers of Botswana	-A chart showing famous composers	
Classifying compositions Mpolelele re babedi-Anafiki Ke lela le lona – Franco	-recapping -listing of compositions -classification	-A chart showing composers and their compositions	
Famous traditional artists • Ratsie Setlhako • Speech Madimabe	-recapping -listing of artists -notes writing	-A chart showing famous traditional artists	
Famous modern artists • Franco • Alfredo	-recapping -discussion Listing of artist	-A chart showing famous modern artists	

Mosimanegape • Chris Manto 7	Notes writing	

Teaching Plan

Week Ending: 05-02-2021 **Subject**: Social Studies **Duration: 3 days**

Topic/s: Family

Periods Per Week: 5 **Reference Materials**: Collegium Social Studies 5 learners textbook

Objectives: 1.1.2.4 Describe ways of promoting peace and tolerance in the family

1.1.2.5 Describe the effects of HIV and AIDS in the family

1.1.2.6 Describe ways of supporting HIV and AIDS infected family members

1.1.2.7 Describe the role of the family in protecting the environment

1.2.1.1 Describe the structure of a traditional ward

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Promotion of peace and tolerance • Respecting • Consultation • Sharing • Forgiving	-discussion -explanation -describing -notes writing	-flash cards	
Effects of HIV and AIDS in the family • Loss of breadwinner • Family suffers	-discussion -group work -notes writing	-work cards	
Supporting HIV/AIDS infected family • Giving them food	-recapping -discussion -describing	-sentence strips	

• Providing them with shelter • Not discriminating them	-notes writing		
The role of the family in protecting the environment • Litter picking • Planting trees	-defining what the environment is -discussion -groupwork -group presentation -summary	-pictures of people caring for the environment	
Structure of a traditional ward Headman Ward elders People	-discussion -drawing of the ward structure -describing	-A chart showing the ward structure	

Teaching Plan

Week Ending: 05-02-2021 **Subject**: Agriculture **Duration: 3 days** **Topic/s**: Farm tools

Periods Per Week: 6 **Reference Materials**: Collegium Agriculture 5 learners textbooks

Objectives: 1.2.1.1 Describe farm tools

1.2.1.2 List at least five common farm tools

1.2.1.3 Demonstrate the proper use of at least 5 common farm tools

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Farm tools • A simple instrument operated by hand is called a tool. Common farm tools • Hand fork • Spade • Rake	-listing of equipment -describe farm tools -listing common farm tools -drawing farm tools	-A chart showing common farm tools	
Proper use of farm tools Spade- clearing	-recapping -discussion -touring to the garden	-the soil -farm tools such as the rake, spade,	

Rake – leveling Digging fork – digging	-demonstration of proper use	digging fork and hand fork	

Teaching Plan

Week Ending: 05-02-2021 **Subject**: Mathematics **Duration: 5 days**

Topic/s: Operations

Periods Per Week: 7 **Reference Materials**: Dipalo 5 learners textbook

Objectives: 1.2.1.6 Subtract up to 4-digit numbers within 10 000

1.2.1.7 Find factors of numbers up to fifty

1.2.1.8 Identify the Lowest Common Multiple (LCM)

1.2.1.9 Identify the Highest Common Factor (HCF)

1.2.1.10 Estimate products of given numbers

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Subtraction 5784 - 3209	-discussion -demonstration -chalkboard practice -written exercise	-chalkboard illustrations	
Factors 24= 1,2,3,4,6,8,12 and	-discussion -explanation and	-chalkboard illustrations	

24	demonstration -chalkboard practice -written exercise	
LCM 6 and 9 = 18 2 and 3 = 6	-recapping -discussion -demonstration -chalkboard practice -written exercise	-chalkboard illustrations
HCF 6 and 10 = 2 20 and 15 = 5	-recapping -discussion -chalkboard practice -written exercise	-chalkboard illustration
Estimates of products 34 x 57= 30 x 60= 1800 685 x 79 = 700x100=70 000	-discussion -explanation and demonstration -chalkboard illustrations -written exercise	-chalkboard illustrations

Teaching Plan

Week Ending: 05-02-2021 **Subject**: Religious and Moral Education **Duration: 3 days** **Topic/s**: Introduction to Morality

Periods Per Week: 4 **Reference Materials**: Religious and Moral Education 5 learners textbook Heinnemann RME 5 pg 30-31

Objectives: 2.1.2.1 Distinguish between moral values and other values

2.1.2.2 Name at least five moral values

2.1.2.3 Explain different ways in which moral values can be in conflict

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Moral values • Moral values are what we consider to be most	-discussion -explanation -listing of moral values	-A chart showing moral values	

important in our lives and are important in the society Other values are what we consider being the most important5 in our lives but do not have to be accepted in the society eg drinking and smoking Examples of moral values • Coorperation • Love • Peace • honesty	-listing of other values -distinguishing moral values and other values		
Moral conflict This is when two values are important and one does not know which one to go for (Moral dilemma)	-recapping -discussion -naming conflicting situations -group work -dramatisation -notes writing	-A chart showing conflicting morals	

Teaching Plan

Week Ending: 12-02-2021 **Subject**: Religious and Moral Education **Duration: 3 days** **Topic/s**: Introduction to Morality

Periods Per Week: 4 **Reference Materials**: Heinemann RME 5 learners' textbook pg 32-36

Objectives: 2.1.3.1 Distinguish between a good and bad decision

2.1.3.2 Discuss the results of making a good and a bad choice

2.1.3.3 Discuss the importance of being responsible for the choices they make

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Good decision	-recapping	-A chart showing	

• studying hard • reconciliation with a friend Bad decision • not obeying parents • truancy	-explanation -discussion -group work -group presentations -notes writing	good and bad decisions -work cards	
Results of good choices • peace within the family • reconciliation • keeping of friends and loved ones	-recapping -discussion -naming results of good choices -notes writing	-A chart showing good choices	
Results of bad choices • losing a friend or family members • injuries as a results of fighting • loss of life	-discussion -listing results of bad choices -notes writing	-A chart showing results of bad choices	
Importance of being responsible for our choices • we learn from our mistakes • we have to admit if we made the wrong choices • punishment is eminent for wrong choices	-recapping lessons about bad and good choices -discussion -notes writing		

Teaching Plan

Week Ending: 19-02-2021 **Subject**: Religious and Moral Education **Duration: 3 days** **Topic/s**: self-esteem

Periods Per Week: 4 **Reference Materials**: Heinemann RME 5 learners' textbook pg41

Objectives: 1.1.1.1 Define self-esteem
1.1.1.2 Distinguish between high and low self-esteem
1.1.1.3 Discuss the importance of having a high self-esteem
1.1.1.4 Discuss disadvantages of low self-esteem

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation

Self-esteem • it is how you feel about yourself and how you rate yourself high self-esteem • respecting yourself • believing in yourself • making own decision	-discussion - explanation -group work -group presentations -notes writing	-A chart showing activities or actions that show high self-esteem
Low self-esteem • failing to make independent decisions • undermining yourself • feeling sorry for yourself	-recapping -explanation Group work -group presentations -notes writing	-a chart showing low self-esteem actions/activities
Importance of high self-esteem • others respect you • you live happily with others • you don't have to justify your decision	-recapping -discussion Notes writing	-Chalkboard illustrations
Disadvantages of low self-esteem • fear to speak in public • people undermine you	-discussion -written exercise	-A chart showing disadvantages of low self-esteem

Teaching Plan

Week Ending: 12-02-2021 **Subject**: CAPA **Duration: 4 days** **Topic/s**: Exercises

Periods Per Week: 7 **Reference Materials**: CAPA 5 learners' textbook pg 18-19

Objectives: 1.3.1.1 Identify different types of exercises

1.3.1.2 Explain high and low intensity exercises

1.3.1.3 Perform high and low intensity exercises

1.3.2.1 Describe the effects of exercise on the body

1.3.2.2 Design a personal training programme to improve health

1.3.2.3 Follow individual training programmes to keep fit

<table>
<tr><th>Content</th><th>Activities</th><th>Teaching/ Learning Aids</th><th>Lesson Evaluation</th></tr>
<tr><td>Types of exercises
• low and high intensity exercises
<table><tr><td>High intensity</td><td>Low intensity</td></tr><tr><td>-running</td><td>-jogging</td></tr><tr><td>-weight lifting</td><td>-stretching</td></tr></table></td><td>-discussion
-listing exercises
-identifying
-exercising</td><td>-pictures showing people exercising</td><td></td></tr>

Teaching Plan

Week Ending: 19-02-2021 **Subject**: CAPA **Duration: 3 days** **Topic/s**: Sprints

Periods Per Week: 4 **Reference Materials**: CAPA 5 learners' textbook

Objectives: 3.1.1.1 Identify the following sprint events: 100m, 200m and 300m

3.1.1.2 Recognise starting and finishing points for the selected sprints

3.1.1.3 Demonstrate the bunch start and running through the tape finish

3.1.1.4 Apply rules and techniques in any selected sprints

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Sprints • refer to short races run at very high speed • 100m, 200m and 400m	-discussion -groups/team formation -group/team competition -notes writing	-whistle -rope	
Starting points • 100m athletes start on the same line • 200m and 400m athletes start on staggered lanes	-recapping -discussion -team competitions -notes writing	-whistle -rope	
Applying the rules of the races • Use the bunch start for races • Tosso out when finishing the races • Waiting for the whistle or gun	-recapping -discussion -demonstration of the bunch start -application of the rules	-whistle -rope/tape	

Teaching Plan

Week Ending: 11-06-2021 **Subject**: English **Duration: 4 days** **Topic/s**: Reports

Periods Per Week: 8 **Reference Materials**: Grammar lab pg 29

Objectives: 4.4.1.1 Write a report on personal experiences
5.1.1.3 Use proper nouns
4.3.1.2 Write invitation cards, post cards and school notices
4.3.2.1 Use appropriate layout for writing personal letters with correct punctuation, spelling and grammar
4.3.2.2 Write personal letters to friends and relatives

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Report writing • Writing about personal experiences	-discussion -writing a report about personal experiences	-chalkboard illustrations	
Use of proper nouns • Nouns are naming words • Proper nouns are names for a particular person, object, animal or thing	-discussion -oral practice - written exercise	-chalkboard illustration	
Invitation cards Post cards School notices	-discussion -group work -presentations -individual activity	-sample of invitation cards, post cards and school notices	

Introduction to a friendly letter writing • Address • Opening salutation • Body	-introducing learners to letter writing -demonstrating letter format	-A chart showing a friendly letter format	

• Closing			
Writing a friendly letter showing correct punctuation, spelling and grammar	-recapping -discussion -letter writing	-A chart showing a friendly letter format	

Teaching Plan

Week Ending: 11-06-2021 **Subject**: Setswana **Duration: 5 days** **Topic/s**: parts of speech

Periods Per Week: 7 **Reference Materials**:

Objectives: 3.3.1.1 Identify in a text correct use of capitalization

3.3.1.2 Identify in context correct use of the following punctuation marks: a) full stops b) commas c) question marks

3.5.1.1 Identify correct use of the following parts of speech: nouns, pronouns and verbs

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Capital letters • At the beginning of sentences eg Ke rata bana ba ba botlhale. • For people's names eg Kenosi ke mosetsana yo o botlhale	-discussion -writing capital letters for particular letters -chalkboard practice -written exercise	-A chart showing capital and small letters	
Punctuation marks • Question mark (?). it is used in questions eg Ke mang yo o seong? • Comma (,). It is used in the middle of	-discussion -listing of punctuation marks -written exercise- use punctuation marks	-A chart showing punctuation marks and their use	

sentences eg Bana ba jele bogobe, nama le morogo			
Parts of speech Nouns- they are names for people, objects or animals eg monna o a rema Pronouns –they represent nouns in sentences eg ntate o ya masimo – ene o ya masimo	-discussion -listing of parts of speech -identify and use nouns and pronouns orally -written exercise	-A chart showing nouns and pronouns	

Teaching Plan

Week Ending: 09-07-2021 **Subject**: Setswana **Duration: 5 days**
Topic/s: Continous writing and letter writing

Periods Per Week: 7 **Reference Materials**: Masa A Sele l5 learners' textbook

Objectives: Day 1 & 2 - 4.5.1.1 Write a well organized friendly letter

Day 3,4 & 5 - 4.5.1.2 Write a formal letter which has good introduction, development and conclusion

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 - Introduction to a friendly letter, writing • Address • Opening salutation • Body • Closing	-introducing learners to letter writing -demonstrating letter format	-A chart showing a friendly letter format	
Day 2 - Writing a friendly letter showing correct punctuation, spelling and grammar	-recapping -discussion -letter writing	-A chart showing a friendly letter format	
Day 3 & 4 - Introduction to a formal letter	-introducing learners to a formal letter	-A chart showing a formal letter format	

• Address • Opening salutation • Body • Closing	writing -demonstrating letter writing format		
Day 5 -Writing a formal letter using correct punctuation, spelling and grammar	-recapping -discussion -letter writing	-A chart showing a formal letter	

Teaching Plan

Week Ending: 12-02-2021 Subject: Mathematics Duration: 5 days

Topic/s: Operations

Periods Per Week: 7 Reference Materials: Dipalo 5 learners' textbook

Objectives: 1.2.1.11 Multiply whole numbers by 10 and 100 with product up to 10 000

1.2.1.12 Multiply numbers by multiples of ten

1.2.1.13 Multiply up to a 2-digit number by a 2-digit number with product up to 10 000

1.2.1.15 Divide up to a 3-digit number by a 1-digit number with remainder

1.2.1.16 Divide whole numbers by 10, 100 and 1000

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation

Multiplying 12x10 =120 75 x 100= 7500	-discussion -demonstration -chalkboard practice -written exercise	-chalkboard illustrations	
Multiplying by multiples of ten 43x2= 86 25x5= 125	-recapping -discussion -chalkboard practice -written exercise	-chalkboard illustrations	
Multiplying a 2-digit by a 2-digit 78x31=	-recapping -discussion -written exercise	-chalkboard illustrations	
Dividing a 3-digit by a 1-digi 345/5	-recapping -discussion -demonstration -chalkboard practice -written exercise	-chalkboard illustrations	
Divide whole numbers by 10, 100 and 1000 5678/10= 4500/1000=	-discussion -explanation and demonstration -chalkboard practice -written exercise	-chalkboard illustrations	

Teaching Plan

Week Ending: 19-02-2021 **Subject**: Mathematics **Duration: 5 days**

Topic/s: Operations

Periods Per Week: 7 **Reference Materials**: Dipalo 5 learners' textbook

Objectives: 1.2.1.17 Use the correct order of operation in solving number sentences up to 3 steps

1.2.1.18 Solve word problems involving the four basic operations

1.2.1.19 Identify the use of number operations in various occupations and the environment

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Correct order of operation • BoDMAS	-discussion -chalkboard practice	-chalkboard illustrations	

• 3+9-3x7	-written exercise		
Addition and subtraction word problems • Mr Kgosi has 86 donkeys, his brother gives another 23 donkeys. How many donkeys does he have altogether? • Tubu primary school has 100 books and gives Tlhale primary 46 books. How many books are left?	-discussion -explanation of key words -chalkboard practice -written exercise	-flash cards showing key words -chalkboard illustrations	
Multiplication and division word problems • David is 2 years old. Mr Abeilwe is 12 times older than David. How old is Mr Abeilwe? • Mr Morule has 18 oranges and wants to share them among his three daughters. How many oranges will each daughter get?	-recapping -discussion -explanation of key words -chalkboard practice -written exercise	-flash cards showing key words -chalkboard illustrations	
Uses of number operations • Population census • Salary payments	-discussion -group work Group presentations		

Teaching Plan

Week Ending: 12-02-2021 **Subject**: Science **Duration: 4 days** **Topic/s**: Air

Periods Per Week: 6 **Reference Materials**: collegiums Science 5 learners textbook pg 38-41

Objectives: 2.4.1.1 Define air as a mixture of gases

2.4.1.2 List the major components of air

2.4.1.3 State properties of air

2.4.2.1 Demonstrate that a mixture of air and water causes rusting

2.4.2.2 Demonstrate ways of preventing rusting

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Air It is a mixture of gases Components of air • Nitrogen 78% • Oxygen 21% • Carbon dioxide and inert gases 1% • Water vapour	-discussion -written exercise -notes writing	-A chart showing components of air	
Properties of air • Colourless • Odourless • Tasteless • Occupies space	-recapping -discussion -question and answer -notes writing	-A chart showing properties of air	
Rusting • A mixture of air and water causes rusting • A rust is the brown colour we see on metals	-discussion -explanation -demonstration -an experiment	-water -nail -beaker	
Preventing rusting • Oiling/greasing • Painting • Galvanizing	-recapping -discussion -group work -group presentations -notes writing	-water -nail -beaker	

Teaching Plan

Week Ending: 19-02-2021 **Subject**: Science **Duration: 4 days** **Topic/s**: Water

Periods Per Week: 6 **Reference Materials**: collegiums Science 5 learners textbook pg 43-48

Objectives: 2.5.1.1 Discuss the distribution of water on the earth surface, underground and in the atmosphere

2.5.1.2 Explain the water cycle

2.5.1.3 Discuss ways of collecting rainwater

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Water distribution • Surface water eg sea, oceans, rivers • Underground water eg wells and boreholes	-discussion -group work -group presentations -notes writing	-A chart showing water distribution	
Water cycle • Evapo-transpiration • Condensation • Precipitation	-recapping -discussion -drawing the water cycle	-A chart showing the water cycle	
Ways of collecting water • Dams • Reservoirs • Tanks	-recapping -discussion -group work -group presentation -summary	-A chart showing ways of collecting rain water	

Teaching Plan

Week Ending: 12-02-2021 **Subject**: Agriculture **Duration: 3 days** **Topic/s**: Farm tools/farm implements

Periods Per Week: 6 **Reference Materials**: Collegium Agriculture 5 learners textbooks pg 25-31

Objectives: 1.2.1.4 Demonstrate the proper care and storage of farm tools

1.3.1.1 Describe farm implements

1.3.1.2 List at least three common farm implements

1.3.1.3 Demonstrate the proper use of at least three common farm implements

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Proper care of farm tools • Cleaning • Painting and oiling	-discussion -demonstration	-farm tools such as rakes, spades and digging forks	
Farm implements • They are tools that make work easier Common farm implements • Disc harrow • Makgonatsotlhe tool carrier • Maun cultivator • Sebele standard	-discussion -describing farm implements -listing common farm implements	-A chart showing pictures of farm implements	
Proper use of farm implements • Using for the work they are meant to do • Following guide lines of using	-recapping -discussion -notes writing	-A chart showing pictures of farm implements	

Teaching Plan

Week Ending: 19-02-2021 **Subject**: Agriculture **Duration: 3 days** **Topic/s**: Farm implements

Periods Per Week: 6 **Reference Materials**: Collegium Agriculture 5 learners textbooks pg 31-34

Objectives: 1.3.1.4 Demonstrate the proper care and storage of farm tool

1.3.1.5 Describe problems caused by the use of farm implements on the environment

1.3.1.6 Suggest solution to the problems caused by the use of farm implements

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Proper care of farm implements • Making sure they are in good condition before use • Cleaning them • Tightening any loose parts	-discussion -question and answer -notes writing	-A chart showing pictures of farm implements	
Problems caused by farm implements • Destroy vegetation • Soil erosion • The soil become compact	-discussion -group work -group presentation -notes writing	-sentence strips	
Solutions to problems • Avoiding ploughing across the slope • Not ploughing when the soil is too dry or too wet	-recapping -discussion -group work -group presentation -summary	-work cards	

Teaching Plan

Week Ending:12-02-2021 **Subject**: Social Studies **Duration: 3 days**
Topic/s: ward

Periods Per Week: 5 **Reference Materials**: Collegium Social Studies 5 learners textbook pg 28-32

Objectives: 1.2.1.2 differentiate between a traditional ward and a council ward

1.2.1.3 Describe changes taking place in traditional wards

1.2.1.4 Discuss ways of promoting peace and tolerance in a ward

<table>
<tr><th>Content</th><th>Activities</th><th>Teaching/ Learning Aids</th><th>Lesson Evaluation</th></tr>
<tr><td>Difference between traditional and a council ward
<table>
<tr><th>Traditional</th><th>Council</th></tr>
<tr><td>Formed by Kgosi and allow families which are related to live together</td><td>Formed by the government and allow people to elect councilors to represent them</td></tr>
<tr><td>There is kgotla</td><td>No kgotla</td></tr>
</table></td><td>-recapping
-discussion
-differentiation
-notes writing</td><td>-A chart differentiating the wards</td><td></td></tr>
<tr><td>Changes taking place in traditional wards
• People were related but not any more
• -wards have other leaders such as the</td><td>-discussion
-question and answer
-notes writing</td><td>-sentence strips</td><td></td></tr>
</table>

councilor and member of parliament			
Ways of promoting peace - respecting one another - obeying the laws of the country	-recapping -discussion -notes writing	-sentence strips	

Teaching Plan

Week Ending: 19-02-2021 **Subject**: Social Studies **Duration: 3 days**

Topic/s: Kgotla

Periods Per Week: 4 **Reference Materials**: Collegium Social Studies 5 learners textbook pg34 - 36

Objectives: 1.3.1.1 State the importance of the traditional court/kgotla

1.3.1.2 Discuss the democratic nature of the traditional court/kgotla

1.3.1.3 Give Setswana proverbs that reveal the democratic nature of the traditional court/kgotla

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Importance of the kgotla • Solve all disputes • Helps people to settle conflicts peacefully • Punishes people found guilty	-discussion -group work -group presentations -notes writing	-sentence strips	
Democratic nature of the Kgotla -people treat each other fairly -leaders consult their people and listen to their views	-discussion -group work -group presentations -summary	-sentence strips	

Setswana proverbs - Mafoko a kgotla a mantle otlhe -Mmualebe o bua la gagwe	-recapping -discussion -giving Setswana proverbs -notes writing	-A chart showing Setswana proverbs that reveal the nature of the kgotla	

Teaching Plan

Week Ending: 26-02-2021 **Subject**: Mathematics **Duration: 5 days**
Topic/s: Fractions

Periods Per Week: 7 **Reference Materials**: Dipalo 5 learners' textbook pg 56-61

Objectives: 1.3.1.1 Identify fractions with denominators 6,7,8,9,10,11,12 and 100

1.3.1.2 Identify equivalent fractions

1.3.1.3 Order fractions with the same denominators in descending and ascending order

1.3.1.4 Convert improper fractions to mixed numbers

1.3.1.5 Convert mixed numbers to improper fractions

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Identifying fractions 2/6, 3/7	-discussion -chalkboard practice -written exercise	-chalkboard illustrations	
Equivalent fractions 3/6=1/2 4/5=8/10	-recapping -discussion -explanation of key	-chalkboard illustrations	

	word -chalkboard practice -written exercise		
Ordering fractions -1/8,2/8,6/8 ascending order -9/10,5/10,3/10 descending	-recapping -discussion -group work -group presentation -written exercise	-work cards -chalkboard illustrations	
Converting improper fractions to mixed -9/4= 2 and ¼ -6/5= 1 and 1/5	-discussion -explanation -chalkboard practice -written exercise	-chalkboard illustrations	
Converting mixed numbers to improper fractions	-recapping -explanation -chalkboard practice -written exercise	-chalkboard illustrations	

Teaching Plan

Week Ending: 26-02-2021 **Subject**: Agriculture **Duration: 3 days** **Topic/s**: Biotechnology

Periods Per Week: 5 **Reference Materials**: Collegium Agric learners' textbook pg 37-44

Objectives: 1.4.1.1 Explain the types of biotechnology

1.4.1.2 List the effects of biotechnology

1.4.1.3 Use traditional biotechnology

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Types of biotechnology • Traditional • modern	-discussion -explanation -group work -group presentation -notes writing	-work cards -markers	
Effects of biotechnology • more food	-recapping -discussion	-flash cards showing positive and negative	

production • disease resistant plants • production of vaccines and medicines	-listing of effects -notes writing	effects of biotechnology	
Use traditional biotechnology • making of the ting	-discussion -project in a group work -presentations	-water -container -sorghum meal	

Teaching Plan

Week Ending: 26-02-2021 **Subject**: Social Studies **Duration: 3 days**

Topic/s: Location

Periods Per Week: 4 **Reference Materials**: Collegium Social Studies learners' textbook pg 44-51

Objectives: 2.1.1.1 Describe lines of longitude and latitudes

2.1.1.2 Locate the position of Botswana on a map of Southern Africa using lines of longitudes and latitudes

2.1.1.3 Draw a map of Botswana showing districts, major villages, towns and cities

2.1.1.4 Locate Botswana's neighbouring countries on a map

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Lines of longitude and	-discussion	-a chart showing	

latitude • longitude lines run from north to south • latitude lines run from west to south	-explanation -drawing of lines	lines of longitude and latitude	
A MAP OF BOTSWANA • districts • major villages • towns and cities	-recapping -discussion -drawing of the map	-map of Botswana template -a chart showing the map of with the district, major villages, towns and cities	
Botswana's neighbours • South Africa • Namibia	-recapping -discussion -locating Botswana's neighbours -drawing of the map of Africa	-map of Africa -atlases	

Teaching Plan

Week Ending: 26-02-2021 **Subject**: Science **Duration: 4 days** **Topic/s**: Water and Weather

Periods Per Week: 6 **Reference Materials**: Collegium Science 5 learners' textbook 49-58

Objectives: 2.5.1.4 Suggest ways of conserving water

2.5.1.5 Discuss the social and economic effects of limited water on the lives of people

2.6.1.1 Construct a simple weather station

2.6.1.2 Measure weather conditions

2.6.1.3 Interpret changes in weather conditions

2.6.1.4 Interpret symbols used on a weather chart

2.6.1.5 Record weather conditions using conventional symbols

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Ways of conserving water - closing leaking taps -harvesting rain water Effects of limited water - thirst -no ploughing -shortage of food -limited movement of water transport	-discussion -question and answer -notes writing	-chalkboard illustrations	
Weather conditions - rainy -cloudy -windy -sunny	-discussion -measuring of weather conditions -recording -interpretation of weather symbols	-a chart showing weather conditions -chalkboard illustrations -thermometers	
Use conventional symbols and construction of a simple weather station	-discussion -explanation -project	-cartons -glue -thermometers -a chart showing conventional symbols	

Teaching Plan

Week Ending: 26-02-2021 **Subject**: CAPA **Duration: 5 days** **Topic/s**: Throws and jumps

Periods Per Week: 8 **Reference Materials**: CAPA 5 learners' textbook pg 79-86

Objectives: 3.1.2.1 Identify throwing events as discuss, shot put and javelin

3.1.2.2 Demonstrate proper execution of the selected throw

3.1.2.3 Apply rules and techniques of in the selected throw

3.1.3.1 Identify jumping events as high, long and triple jump

3.1.3.2 Recognise the jumping areas for the selected jump

3.1.3.3 Demonstrate take off and landing in the selected jump

3.1.3.4 Demonstrate techniques of jumping for the selected jump

3.1.3.5 Apply rules and techniques for the selected jump

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Throwing events - discuss -javelin -shot put	-discussion -explanation of rules -demonstration -application of rules to throw	-chalkboard illustrations -improvised javelin, shot put and discuss -measuring tape	
Jumping events - high jump - long jump - triple jump	-discussion -explanation of rules -demonstration -application of rules for jumps	-chalkboard illustrations -measuring tape -rake	

Teaching Plan

Week Ending: 26-02-2021 **Subject**: Religious and Moral Education **Duration: 4 days**

Topic/s: self-esteem and self confidence

Periods Per Week: 4 **Reference Materials**: Botsalano RME 5 learners' textbook pg29-32

Objectives: 1.1.1.5 Explain how to improve on their negative characteristics

1.1.1.6 Explain strategies of improving confidence in oneself

1.1.1.7 State reasons for knowing oneself

1.1.1.8 Discuss autonomy

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Improving negative characteristics • believing in yourself • making own decision	-discussion - explanation -group work -group presentations -notes writing	-A chart showing activities or actions that show high self-esteem	
Strategies to improve confidence • exercise and eat well • stand up for what you believe in • believe in yourself	-recapping -explanation -Group work -group presentations -notes writing	-a chart showing strategies for improving self confidence	
Importance of knowing oneself • others respect you • you know your capabilities	-recapping -discussion Notes writing	-Chalkboard illustrations	
Autonomy -this is whereby you can do things by yourself, in your own way without any help from other people Importance of autonomy • helps one to behave in a certain way • helps one to be in charge of his/ her actions	-discussion -notes writing	-sentence strips	

Teaching Plan

Week Ending: 26-02-2021 **Subject**: Setswana **Duration: 4 days** **Topic/s**: Continous writing and letter writing

Periods Per Week: 6 **Reference Materials**: Masa A Sele 5 learners' textbook

Objectives: 4.5.1.1 Write a well organized friendly letter

4.5.1.2 Write a formal letter which has good introduction, development and conclusion

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Introduction to a friendly letter writing • Address • Opening salutation • Body • Closing	-introducing learners to letter writing -demonstrating letter format	-A chart showing a friendly letter format	
Writing a friendly letter showing correct punctuation, spelling and grammar	-recapping -discussion -letter writing	-A chart showing a friendly letter format	
Introduction to a formal letter • Address • Opening salutation • Body • Closing	-introducing learners to a formal letter writing -demonstrating letter writing format	-A chart showing a formal letter format	
Writing a formal letter using correct punctuation, spelling and grammar	-recapping -discussion -letter writing	-A chart showing a formal letter	

Teaching Plan

Week Ending: 21-05-2021 **Subject**: Guidance and Counselling **Duration: 1 day**
Topic/s: Talent and hygiene

Periods Per Week: 1 **Reference Materials**:

Objectives: 1.1.1.1 Identify things they are good at

1.1.1.2 Discuss ways of improving things they are good at

1.2.1.1 Understand the importance of personal hygiene in relation to their environment

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Talents • Talent is something that one does very well and born with • - singing • -weaving • -dancing • -sports • -ululating • -acting • -modelling	-discussion -identifying talents -giving examples of talents -notes writing	-A chart showing various talents	
Ways of improving talent - practicing -asking for help from experts -watching television -listening to the radio	-recapping -discussion -notes writing	-sentence strips	
Introduction to a formal	-introducing learners	-A chart showing a	

letter • Address • Opening salutation • Body • Closing	to a formal letter writing -demonstrating letter writing format	formal letter format	
Writing a formal letter using correct punctuation, spelling and grammar	-recapping -discussion -letter writing	-A chart showing a formal letter	

Teaching Plan

Week Ending: -0-2021 **Subject**: English **Duration:** 5 days **Topic/s**: Nouns, continous writing

Periods Per Week: 7 **Reference Materials**: The grammar lab pg 29-30

Objectives: 5.1.1.2 Use singular and plural nouns

4.3.2.1 Use appropriate vocabulary with correct spelling

1.2.1.1 Carry out oral instructions on how to perform a task

2.2.1.1 Communicate information in complete sentences

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Singular and plural Chalk – chalks Table – tables	-discussion -use of singular and plural nouns orally -written exercise	-A chart showing singular and plural nouns	
Spelling • use of vocabulary with correct spelling • the teacher is communicating	-discussion -chalkboard practice -written exercise	-chalkboard illustrations -sentence strips	
Instructions • go to the office and pick up a pair of	-discussion -giving oral instruction	-work cards	

scissors • use it to cut the picture of plant • paste the picture in the middle of the hard cover	-group work -group presentation
Communication/sentence completion • I am a standard five pupil and my teacher is _____ • I _____playing _____ with my friends after school	-discussion -sentence strips -oral activity -written exercise

Teaching Plan

Week Ending:21-05-2021 **Subject**: Mathematics **Duration: 5 days**

Topic/s: Fractions

Periods Per Week: 7 **Reference Materials**: Dipalo 5 learners' textbook pg 62-68

Objectives: 1.3.1.6 Use =, <, > to compare two proper fractions with same denominators

1.3.1.7 Use =, <, > to compare two proper fractions with different denominators

1.3.1.8 Add a whole number and a fraction

1.3.1.9 Subtract a fraction from a whole number

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Comparing fractions with same denominators 4/9 6/9	-discussion -chalkboard practice -written exercise	-chalkboard illustrations	
Comparing fractions with different denominators 1/3 2/5	-recapping -discussion -chalkboard practice -written exercise	-chalkboard illustrations	
Adding a whole number and a fraction 3 + ¼ =	-discussion -chalkboard practice -group work	-work cards -markers -chalkboard	

	-group presentation -written exercise	illustrations	
Subtracting a fraction from a whole number 2 – ½ =	-recapping -demonstration -chalkboard practice -group work -group presentation -written exercise	-work cards -markers -chalkboard illustrations	

Teaching Plan

Week Ending: 21-05-2021 **Subject**: Mathematics **Duration: 5 days**

Topic/s: Fractions

Periods Per Week: 7 **Reference Materials**: Dipalo 5 learners' textbook pg 69-72

Objectives: 1.3.1.10 Add fractions with different denominators

1.3.1.11 Subtract fractions with different denominators

1.3.1.12 Express percentages as fractions

1.3.1.13 Express fractions as percentages (restrict to whole numbers)

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Adding fractions with different denominators ½ + ¼ =	-recapping -discussion -chalkboard practice -written exercise	-chalkboard illustrations	
Subtracting fractions with different denominators 5/12 – ¾ =	-recapping -discussion -chalkboard practice -written exercise	-chalkboard illustrations	

Percentages as fractions 40% = 40/100	-discussion -explanation and demonstration -written exercise	-chalkboard illustrations	
Expressing fractions as percentages 1/5 = 20%	-discussion -explanation and demonstration -group work -group presentation -written exercise	-work cards -bostick -markers chalkboard illustrations	

Teaching Plan

Week Ending: 21-05-2021 **Subject**: Science **Duration: 4 days** **Topic/s**: The solar System and matter

Periods Per Week: 6 **Reference Materials**: Collegium Science 5 learners' textbook 60-71

Objectives: 2.7.1.1 Define "universe"

2.7.1.2 Describe common bodies in the solar system

2.7.1.3 Identify the sun as the nearest star to the earth

2.7.1.4 Explain why the earth is the only planet capable of supporting life

3.1.1.1 Describe the three states of matter in terms of volume and shape

3.1.2.1 Classify solids as metals and non metals

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation

<table>
<tr><td>The Universe
• It is everything that exists anywhere
Bodies in the solar system
• Stars and planets</td><td>-discussion
-describing
-naming bodies of the solar system
-notes writing</td><td>-a chart showing bodies of the solar system
-a project for the solar system</td><td></td></tr>
<tr><td>The Sun
• It is a star nearest to the earth
• It is 150 million kilometers away
Life on earth
• Suitable temperature
• Water
• air</td><td>-recapping
-discussion
-observation of a picture in learners' textbook
-notes writing</td><td>-picture in learners' textbook</td><td></td></tr>
<tr><td>States of matter
• solid
• liquid
• gas</td><td>-discussion
-explanation
-group work
-group presentation
-notes writing</td><td>-work cards
-different substances</td><td></td></tr>

Teaching Plan

Week Ending: 04-06-2021 **Subject**: Science **Duration: 4 days** **Topic/s**: Matter

Periods Per Week: 6 **Reference Materials**: Collegium Science 5 learners' textbook 72-75

Objectives: 3.1.2.2 Compare the common physical properties of metals and non-metals

3.1.2.3 Relate the physical properties of common metals to their uses

3.1.2.4 Relate the physical properties of non-metals to their uses

3.1.3.1 List common household chemicals

3.1.3.2 Classify household chemicals into solids, liquids or gases

3.1.3.3 State the uses of given household chemicals

Content	Activities	Teaching/ Learning	Lesson Evaluation

<table>
<tr><td></td><td></td><td>Aids</td><td></td></tr>

Teaching Plan

Week Ending: 21-05-2021 **Subject**: Agriculture **Duration: 3 days** **Topic/s**: Soil formation and soil constituents

Periods Per Week: 5 **Reference Materials**: Collegium Agric learners' textbook pg 45-56 and Heinemann Agriculture 5 pg 35-40

Objectives: 2.1.1.1 Describe the process of rock weathering to form soil

2.1.1.2 Demonstrate the process of weathering

2.2.1.1 Discuss the importance of soil

2.2.1.2 Investigate soil constituents

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Soil formation • physical weathering • biological weathering • chemical weathering	-discussion -oral questions -notes writing	-a chart showing weathering processes	
Importance of soil • support plant growth • provide food for plants and animals	-discussion -explanation -group work -group presentation -notes writing	-sentence strips -chalkboard illustrations -work cards -markers	
Soil constituents • air 25% • water 25% • inorganic matter 45% • organic matter 5%	-recapping -discussion -notes writing	-a chart showing soil constituents	

Teaching Plan

Week Ending: 04-06-2021 **Subject**: Agriculture **Duration: 3 days** **Topic/s**: Soil fertility

Periods Per Week: 5 **Reference Materials**: Collegium Agric learners' textbook pg 37-44

Objectives: 2.3.1.1 Explain soil fertility

2.3.1.2 Describe ways of increasing soil fertility

2.3.1.3 Describe fertilizers

2.3.1.4 Differentiate between organic and inorganic fertilizer

<table>
<tr><th>Content</th><th>Activities</th><th>Teaching/ Learning Aids</th><th>Lesson Evaluation</th></tr>
<tr><td>Soil fertility
• the ability of the soil to give plants enough nutrients
ways of increasing soil fertility
• adding manure
• ploughing back crop remains</td><td>-discussion
-explanation
-group work
-group presentation
-notes writing</td><td>-work cards
-sentence strips
-markers</td><td></td></tr>
<tr><td>Fertilizers
• fertilizers are substances rich in plant food
• kraal manure
• green manure</td><td>-discussion
-describing
-notes writing</td><td>-word cards</td><td></td></tr>
<tr><td>Types of fertilizers<table><tr><td>Organic</td><td>Inorganic</td></tr><tr><td>Chicken manure</td><td>Urea</td></tr><tr><td>Kraal manure</td><td>LAN</td></tr></table></td><td>-recapping
-discussion
-notes writing</td><td>-a chart showing the types of fertilizers</td><td></td></tr>
</table>

Teaching Plan

Week Ending: 12-03-2021 **Subject**: Social Studies **Duration: 3 days**
Topic/s: Location

Periods Per Week: 4 **Reference Materials**: Collegium Social Studies learners' textbook pg 41-43 and atlas

Objectives: 2.1.1.5 Describe a landlocked country.
2.1.1.6 Discuss problems experienced by landlocked countries.
2.1.1.7 Suggest possible solutions to the problems experienced by a landlocked country

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Landlocked • it is a country that does not border the sea or ocean, its surrounded by other countries • Botswana, Lesotho etc	-recapping -discussion -describing -identifying landlocked countries -notes writing	-a map of Africa showing landlocked countries	
Problems faced by landlocked countries • Spend more money building railway lines • Sanctioning	-recapping -discussion -notes writing	- a map showing landlocked countries	
Solving problems of being landlocked • Develop good road, rail and air links • Be friendly to your neighbours with sea ports	-recapping -discussion -notes writing	-sentence strips	

Teaching Plan

Week Ending: 21-05-2021 **Subject**: Social Studies **Duration: 3 days**
Topic/s: Physical Environment

Periods Per Week: 4 **Reference Materials**: Collegium Social Studies learners' textbook pg 44-51

Objectives: 2.2.1.1 Identify Botswana's major physical features.
2.2.1.2 Describe the uses of Botswana's major physical features
2.2.1.3 Draw the map of Botswana showing the major physical zones.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Botswana's major physical features • Tsodilo hills • Okavango delta	-discussion -group work -group presentations -notes writing	-a map showing Botswana's major physical features -work cards -markers	
Uses of major physical features • Tourism • Transport • Water drinking sources	-recapping -discussion -group work -group presentation -notes writing	-work cards -markers	
Drawing the map of Botswana showing major physical features	-explanation -drawing of the map	-a map showing Botswana's major physical features	

Teaching Plan

Week Ending: 21-05-2021 **Subject**: Religious and Moral Education **Duration: 4 days**
Topic/s: self confidence, Group Identity

Periods Per Week: 4 **Reference Materials**: Collegium RME 5 learners' textbook pg 74-80, Botsalano RME 5 learners' textbook pg49

Objective 2.1.1.1 Describe a group
2.1.1.2 Identify different groups in the society
2.1.1.3 Explain the importance of belonging to a group

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Importance of accepting yourself • Happiness • Confidence • Takes away feelings of inferiority	-discussion -notes writing	-chalkboard illustrations	
A Group • A group is formed by people who have things in common Different groups in the society • Students • Clubs • Sports teams • Political parties	-discussion -describing a group -identification of groups in the society -notes writing	-word cards -chalkboard illustrations	
Importance of belonging to a group • More is done	-recapping -discussion -oral questions and	-chalkboard illustrations	

quickly • Sharing of ideas • One can get help from members	answers -notes writing		

Teaching Plan

Week Ending: 04-06-2021 **Subject**: Religious and Moral Education **Duration: 4 days**
Topic/s: Interpersonal Relationships

Periods Per Week: 4 **Reference Materials**: Collegium learners' textbook 5 pg 81-89, Botsalano RME 5 learners' textbook pg56-57

Objectives: 2.1.1.4 State values that are important to the groups they belong to
2.1.1.5 Discuss the need for respect in a group
2.2.1.1 Discuss ways of relating well with others
2.2.1.2 Explain types of relationships that have special significance to them

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Group Values • Caring • Sharing • Helpfulness • Fair treatment of members	-recapping -discussion -notes writing	-flash cards	
Respect within a group • Listening to one another • Giving each other chance to take part	-recapping -discussion -notes writing	-chalkboard illustrations	
Ways of relating well with	-discussion	-work cards	

others • Use words carefully • Respect others • Be tolerant	-group work -group presentation -notes writing	-markers -chalkboard illustrations	

Teaching Plan

Week Ending: 21-05-2021 **Subject**: CAPA **Duration: 5 days** **Topic/s**: Colour

Periods Per Week: 8 **Reference Materials**: Katlego CAPA 5 learners' textbook pg 29-33

Objectives: 2.2.1.1 define colour, value and intensity.
2.2.1.2 classify colours into primary, secondary and complimentary.
2.2.1.3 explore various colours to determine values and intensities.
2.2.1.4 create an arrangement of colours on the colour wheel.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Colour, value and intensity • Colour is all around us, green trees, blue skies etc • Value is the lightness or darkness of the hue	-discussion -defining -group work -group presentation -notes writing	-tempera paints -mixing palettes -water -painting brushes -white manila sheets	

• Intensity is the brightness of a hue. A bright colour is called a high intensity colour Classifying colours • Primary colours • Secondary colours			
Determining values and intensities	-recapping -discussion -determining the values and intensities of colours -notes writing	-tempera paints -mixing palettes -water -painting brushes -white manila sheets	
Making a colour wheel	-discussion -explanation -making of the colour wheel in groups -group presentation	-tempera paints -mixing palettes -water -painting brushes -white manila sheets	

Teaching Plan

Week Ending: 04-06-2021 **Subject**: CAPA **Duration: 5 days** **Topic/s**: Colour

Periods Per Week: 8 **Reference Materials**: Katlego CAPA 5 learners' textbook pg 34-40

Objectives: 2.2.1.5 analyse the use of colour in a composition.
2.2.2.1 explore the use of various materials, tools and media in painting.
2.2.2.2 explore various techniques in painting.
2.2.2.3 create a composition using various painting techniques.
2.2.2.4 analyse the use of various techniques in a composition.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Analyzing colour in a composition. Value and	-recapping -discussion	-compositions	

intensity tell us the following: • The time of the day shown in the painting • The season • The weather • The mood of the painting	-analysing colour -notes writing		
Painting materials, tools and media • Canvas • Palettes • Brushes • Sponges • Paints	-discussion -listing painting tools -notes writing	-a chart showing painting materials and tools	
Painting techniques • Using a toothbrush • Blowing • Combing • Using a paint brush	-recapping -discussion -exploring painting techniques -notes writing	-word cards	
Creating a composition	-recapping -composition making	-painting tools	

Teaching Plan

Week Ending: 18-06-2021 **Subject**: English **Duration:** 5 days **Topic/s**: Reference skills, Reading Culture

Periods Per Week: 7 **Reference Materials**: collegium English 5 learners' textbook

Objectives: 3.6.1.1 Use a dictionary to find meaning and spelling of words.
3.6.1.2 Use table of contents to locate information in a book.
3.6.1.3 Interpret road signs correctly.
3.7.1.1 Read widely for interest and enjoyment

3.7.1.3 Read a variety of texts with understanding

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Using a dictionary • Accommodation means _ • Rogue means _____	-discussion -explanation -written exercise	-dictionaries	
Using table of contents • Which topic starts on page 34?	-recapping -discussion -written exercise	-chalkboard illustrations	
Road sign interpretation • Stop sign • No entry sign	-discussion -interpretation of road signs as a written exercise	-chalkboard illustrations	
Reading culture • Selection of a good book • Reading for understanding	-discussion -visit to the school library -reading	-library books	

Teaching Plan

Week Ending: 02 -07-2021 **Subject**: English **Duration:** 5 days **Topic/s**: Poetry, continous and letter writing

Periods Per Week: 7 **Reference Materials**:

Objectives: 2.5.1.1 Recite chants rhymes and poems

2.5.1.2 Respond orally to poetry questions.
2.5.1.3 Discuss moods and emotions in a poem
2.5.1.4 Act some events in a poem
4.3.1.2 Use appropriate vocabulary with correct spelling

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Rhymes • One, two three, four, five, once I caught a fish alive…	-discussion -group work -group presentation		
Poetry question • What is the poem about? • What is the mood of the author?	-discussion -reading the poem -oral questions	- a poem	
Moods, emotions and acting • Anger • Happy	-recapping -discussion -dramatisation (acting poem events)	-a poem	
Using appropriate vocabulary with correct spelling • Chairs are made from steal • I was acomodated at the lodge	-discussion -explanation -written exercise	-chalkboard illustrations	

Teaching Plan

Week Ending: 18-06-2021 **Subject**: Setswana **Duration: 4 days**

Topic/s: Dictionaries and encyclopaedias, graphical information,composition and report

Periods Per Week: 6 **Reference Materials**: Masa A Sele 5 learners' textbook

Objectives: 3.4.1.1 Find meanings of words.
3.4.1.2 Find correct spellings of words.
3.4.1.3 Find specific information from an encyclopaedia.
3.6.1.2 Interpret tables.
4.4.1.1 Write well organized and formatted narrative account on a given topic

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Finding meaning • Poo • magagane	-discussion -demonstration -written exercise	-Thanodi ya Setswana	
Correct spelling of words Sethakathake = setlhakatlhake	-discussion -explanation -written exercise	-Thanodi ya Setswana	
Interpreting tables • ke buka efe e balwang thata ke bana? • Bana ba ba ratang buka ya Moeng Motseng le ya Dipina le Maboko ba kae ka palo?	-discussion -explanation -written exercise	-chalkboard illustrations	
Composition • Fa ke ne ke le Tautona wa lefatshe la Botswana	-discussion -composition writing	-chalkboard illustrations	

Teaching Plan

Week Ending: 02-07-2021 **Subject**: Setswana **Duration: 4 days** **Topic/s**: Translation, traditional literature

Periods Per Week: 6 **Reference Materials**: Masa A Sele 5 learners' textbook

Objectives: 2.5.1.1 Translate simple messages from English to Setswana.
2.5.1.2 Translate simple messages from Setswana to English.
3.9.1.1 Relate traditional stories (*mainane*).
3.9.1.2 Classify traditional stories as *mainane*.
3.9.1.3 State the moral lesson learnt from a particular traditional story (*leinane*).
3.9.I.4 Interpret riddles (*dithamalakane)* by stating what is referred to.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
English to Setswana Translation I am tired = Ke lapile	-discussion -written exercise	-chalkboard illustrations	
Setswana to English Translation Ke mangy o o buang? = who is talking?	-recapping -discussion -written exercise	-chalkboard illustrations	
Mainane • Gatwe e rile e le mmutle le phokoje….. Lessons from mainane • Re nne boutwelobotlhoko • Re bule matlho • Re thuse ba bangwe	-discussion -saying out traditional stories -relating traditional stories -discussion of lessons from mainane -written exercise	-chalkboard illustrations	
Interpreting Riddles -Go tsena ka lenga la seloko = go tsamaela ruri -Go lebotsa phokoje = go sia -Phokoje go tshela yo o dithetsenyana	-discussion -explanation -group work -group presentation -written exercise	-a chart showing riddles and their interpretations	

Teaching Plan

Week Ending: 11-06-2021 **Subject**: Guidance and Counselling **Duration: 1 day**
Topic/s: Hygiene

Periods Per Week: 1 **Reference Materials**:

Objectives: 1.2.1.1: Identify the benefits of a clean environment.
1.2.1.2: Discuss the benefits of a clean environment.
1.2.1.3: Discuss the impact of a clean environment on the self.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Hygiene -hygiene refers to keeping healthy - a hygienic environment is a clean and safe one **Hygiene in different areas** -at school -at home -my body -my village	-discussion -describing -listing places and areas where hygiene has to be practiced -demonstrate personal hygiene	-pictures showing hygienic practices - items used for personal hygiene such as toothbrush, tooth paste, soap etc	
Benefits of a clean environment -good appearance of the area -safe from disease outbreak	-recapping -discussion -notes writing	-brooms -dustbins	

Teaching Plan

Week Ending: 02-07-2021 **Subject**: Guidance and Counselling **Duration: 1 day**
Topic/s: Decision Making

Periods Per Week: 2 **Reference Materials**: Heinemann RME 5 learners' textbook pg 32-36
Objectives: 1.3.1.1: Explain what a simple decision is.
1.3.1.2: Explain what a complex decision is.
1.3.1.3: Describe the process of making a simple decision.
1.3.1.4: Describe the process of making a complex decision.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
A simple decision does not require deep thinking while a complex decision requires deep thinking and asking for help from other people. **Good decision** • studying hard • reconciliation with a friend **Bad decision** • not obeying parents • truancy	-recapping -explanation -discussion -group work -group presentations -notes writing	-A chart showing good and bad decisions -work cards	

Teaching Plan

Week Ending: 11-06-2021 **Subject**: Religious and Moral Education **Duration: 4 days**
Topic/s: Interpersonal Relationships

Periods Per Week: 4 **Reference Materials**: Collegium learners' textbook 5 pg 89-95

Objectives: 2.2.1.3 State behaviours that can lead to negative effects on relationships
2.2.1.4 State behaviours that can lead to positive effects on relationships
2.2.1.5 Explain how behaviour can destroy or nurture relationships
2.2.1.6 Explain how perceptions of others can destroy or nurture relationships
2.2.1.7 Discuss why relationships are important in their lives

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Behaviours that can lead to negative effects • stealing • gossiping • lying	-discussion -stating the effects in groups -group presentation -notes writing	-work cards -markers -bostick	
Behaviours that can lead to positive effects • helping one another • cooperation • compassion • respect	-recapping -discussion -group work -group presentation -notes writing	-work cards -markers -bostick	
How behavior can destroy or nurture relations • no team work • people will be angry • people will work in peace	-recapping -discussion -notes writing	-a chart showing how behavior can destroy or nurture relationships	
Importance of relationships	-discussion -group work	-sentence strips	

• we learn from each other • we help each other • we work together to achieve our goals	-group presentation -notes writing		

Teaching Plan

Week Ending: 04-06-2021 **Subject**: Social Studies **Duration: 3 days**
Topic/s: Physical Environment/ Natural Resource Management in Botswana
Periods Per Week: 4 **Reference Materials**: Collegium Social Studies learners' textbook pg 56-59, 61-66

Objectives: 2.2.1.4 Describe Botswana's major physical zones.
2.2.1.5 Describe the human activities associated with the major physical zones in Botswana.
2.3.1.1 Identify natural resources used in Botswana.
2.3.1.2 Identify different sources of water found in Botswana.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Botswana's major physical zones -Botswana has four main physical zones, Kgalagadi Basin, Eastern Hills, Limpopo Basin and Ghanzi ridge	-discussion -describing physical zones -notes writing	-word cards -a map showing physical zones	
Human activities • wild life hunting • mining • animal rearing • tourism	-recapping -discussion -description of human activities -notes writing	-word cards	

Natural resources used in Botswana Renewable / Non renewable Water / Minerals animals Sources of water found in Botswana - dams -wells and boreholes	-discussion -group work -group presentation -notes writing	-a chart showing natural resources -a chart showing different sources of water	

Teaching Plan

Week Ending: 11-06-2021 **Subject**: Agriculture **Duration: 3 days** **Topic/s**: Soil fertility

Periods Per Week: 5 **Reference Materials**: Collegium Agric learners' textbook pg 61-65

Objectives: 2.3.1.5 State the advantages and disadvantages of adding organic fertilizers
2.3.1.6 State the advantages and disadvantages of adding inorganic fertilizers
2.3.1.7 Demonstrate the proper application practices of organic and inorganic fertilizers

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Advantages of organic fertilizers / Disadvantages of organic fertilizers cheap / Needed in large amounts Contain different plant nutrient / Takes long to apply them	-recapping -discussion -group work -group presentation -notes writing	-work cards -markers	
Advantages / Disadvantag	-recapping	-work cards	

<table><tr><td>of inorganic fertilizers</td><td>es of inorganic fertilizers</td></tr><tr><td>They dissolve quickly</td><td>They are expensive</td></tr><tr><td>Small amounts are needed</td><td>They do not improve the soil structure</td></tr></table>		-discussion -group work -group presentation -notes writing	-markers
Application of organic and inorganic fertilizers • broadcasting • band or strip application • spraying the leaves • watering or irrigation		-recapping -discussion -demonstration -application -notes writing	-fertilisers -hand fork -spade

Teaching Plan

Week Ending: 11-06-2021 **Subject**: Science **Duration: 4 days** **Topic/s**: Energy

Periods Per Week: 6 **Reference Materials**: Collegium Science 5 learners' textbook 77-82

Objectives: 3.2.1.1 Define energy.
3.2.1.2 List the different forms of energy.
3.2.1.3 Identify various types of energy sources.
3.2.1.4 Classify energy resources as renewable and non-renewable.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Energy is the ability to do work Forms of energy • kinetic energy • heat energy	-discussion -defining -group work -group presentation -notes writing	-word cards -work cards -bostick -markers	

Types of energy sources • fuels • wind • the sun • water	-recapping -discussion -notes writing	-word cards	
<table><tr><td>Renewable sources</td><td>Non-renewable sources</td></tr><tr><td>Solar</td><td>Coal</td></tr><tr><td>wind</td><td>gas</td></tr></table>	-recapping -discussion -group work -group presentation -notes writing	-a chart showing renewable and non renewable sources of energy	

Teaching Plan

Week Ending: 11-06-2021 **Subject**: Mathematics **Duration: 4 days**

Topic/s: Angles

Periods Per Week: 7 **Reference Materials**: Dipalo 5 learners' textbook pg 74-78

Objectives: 2.2.1.1 Name angles as straight and reflex
2.2.1.2 Identify angles as straight and reflex in an environment
2.2.1.3 identify a revolution and a fractions of a revolution using right angles
2.2.1.4 Measure angle sizes in whole numbers using a protractor

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation

NAMES OF ANGLES a). straight angle is an angle that is 180 degrees.	-discussion -chalkboard practice -written exercise - correction done	-chalkboard illustration	
Identifying angles in classroom and school environment e.g 90 degrees angle in the corner of the classroom	- review of the previous lesson -discussion -chalkboard practice -written exercise	- objects in the classroom	
FRACTIONS OF A REVOLUTION a). 90/360 = ¼ b). 180/360 = ½	-recapping -discussion -demonstration -chalkboard practice -written exercise	-chart showing fractions of a revolution	
MEASURING ANGLES - a protractor is used to measure angles	-discussion -demonstration -chalkboard practice -written exercise -correction done	-	

Teaching Plan

Week Ending: 26-03-2014 **Subject**: English **Duration:** 5 days **Topic/s**: Reference skills, Reading Culture

Periods Per Week: 7 **Reference Materials**: collegium English 5 learners' textbook

Objectives: 3.6.1.1 Use a dictionary to find meaning and spelling of words.

3.6.1.2 Use table of contents to locate information in a book.
3.6.1.3 Interpret road signs correctly.
3.7.1.1 Read widely for interest and enjoyment
3.7.1.2 Select a good book
3.7.1.3 Read a variety of texts with understanding

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Using a dictionary • photosynthesis means _ • diminish means _____	-discussion -explanation -written exercise	-dictionaries	
Using table of contents • Which topic starts on page 34?	-recapping -discussion -written exercise	-chalkboard illustrations	
Road sign interpretation • Stop sign • No entry sign	-discussion -interpretation of road signs as a written exercise	-chalkboard illustrations	
Reading culture • Selection of a good book • Reading for understanding	-discussion -visit to the school library -reading	-library books -reading cards	

Teaching Plan

Week Ending: 26-03-2014 **Subject**: Setswana **Duration:** 5 days **Topic/s**: Instructions and directions

Periods Per Week: 7 **Reference Materials**: Masa A Sele learners' book 5

Objectives: 1.1.1.2 Follow directions on where to find something

2.1.1.2 Give clear directions on where to find something

3.1.1.2 Follow written directions on where to find something

4.1.1.2 Write clear directions on how to get to a specific place

4.9.1.1 Use the following parts of speech correctly in sentences a) noun b) pronouns c) verbs

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Directions • Go to the storeroom • Open one box, get one pen	-discussion -giving directions -follow directions	-classroom environment	
Giving Directions • Go straight • Turn left • By pass the buildings	-recapping -discussion -giving clear directions -following directions	-school premises	
Follow Written Directions • write the word SETSWANA • walk towards the door	-recapping -discussion -following written directions	-flash cards	
Writing Directions • pick up the yellow container • close the cupboard	-recapping -discussion -writing directions	-chalkboard illustrations	
Pronouns • yone • sone • lone • bone	-discussion Explanation -oral use of pronouns -written exercise	-chart showing pronouns -chalkboard illustrations	

Teaching Plan

Week Ending:18-06 -2021 **Subject**: Guidance and Counselling **Duration: 1 day**
Topic/s: Teenage pregnancy

Periods Per Week: 2 **Reference Materials**:

Objectives: 2.4.1.1: Define teenage pregnancy.
2.4.1.2: Identify the causes of teenage pregnancy.
2.4.1.3: Discuss the consequences of teenage pregnancy.
2.4.1.4: Identify different ways of preventing teenage pregnancy.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Teenage pregnancy is when young girls who are in their teen years fall pregnant Causes of teenage pregnancy • alcohol abuse • unprotected sex	-discussion -group work -group presentation -notes writing	-word cards -work cards -markers -bostick	
Consequences of teenage pregnancy • dropping out of school • death	-recapping -discussion -notes writing	-chalkboard illustrations	
Ways of preventing teenage pregnancy • abstainance • protected sex	-recapping -discussion -group work -group presentation	-word cards	

Teaching Plan

Week Ending: 11-06-2021 **Subject**: CAPA **Duration: 5 days**
Topic/s: Contact/Invasion games

Periods Per Week: 8 **Reference Materials**: Katlego CAPA 5 learners' textbook pg 87-97 and Heinemann CAPA 5 pg 30-34

Objectives: 3.4.1.1 identify invasion/contact games as netball, football and basketball.
3.4.1.2 explain sending and receiving skills for the selected game.
3.4.1.3 perform sending and receiving skills for the selected game.
3.4.1.4 recognise court dimensions and positions for the selected game.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Contact games • netball • football • basketball sending and receiving skills • chest pass • shoulder pass	-discussion -identifying contact games -explanation of sending and receiving skills	-Chalkboard illustrations -word cards	
Performing sending and receiving skills • chest pass • shoulder pass	-recapping -discussion -demonstration -performance	-balls -whistle	
Court dimensions • netball court • soccer pitch	-recapping -discussion -recognising court dimensions	-a chart showing court dimension of a netball court and a soccer pitch	

Teaching Plan

Week Ending: 27-03-2014 **Subject**: CAPA **Duration: 5 days** **Topic/s**: Covered topics up to date

Periods Per Week: 8 **Reference Materials**: Katlego CAPA 5 learners' textbook pg 87-97 and Heinemann CAPA 5

Objectives: Revision of all objectives covered up to this far

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
-hygiene -colours and textures -food	-discussion -written exercise	-past exam papers	
Jumps	-discussion -written exercise	-past exam papers	
Throws	-discussion -written exercise	-past exam papers	
Contact/Invasion games	-discussion -written exercise	-past exam papers	

Teaching Plan

Week Ending: 27-03-2014 **Subject**: Agriculture **Duration: 3 days** **Topic/s**: Covered topics up to date

Periods Per Week: 5 **Reference Materials**: Collegium Agric learners' textbook

Objectives: Revision of covered objectives up to date

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
-what is Agriculture -branches of agriculture	-discussion -exercise writing	-past exam papers	
Farm tools and their uses -proper storage of farm tools	-discussion -exercise writing	-past exam papers	
Farm implements and their uses -problems caused by implements -storage of implements	-discussion -exercise writing	-past exam papers	
Biotechnology -types of biotechnology	-discussion -exercise writing	-past exam papers	

Teaching Plan

Week Ending: 27-03-2014 **Subject**: Science **Duration: 4 days** **Topic/s**: Covered topics up to date

Periods Per Week: 6 **Reference Materials**: Collegium Science 5 learners' textbook

Objectives: Revision of covered objectives up to date

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
The nature of science	-discussion -exercise writing	-past papers	
Plants and animals	-discussion -exercise writing	-past papers	
The environment	-discussion -exercise writing	-past papers	
Air	-discussion -exercise writing	-past papers	

Teaching Plan

Week Ending: 27-03-2014 **Subject**: Mathematics **Duration: 5 days**

Topic/s: Topics covered up to date

Periods Per Week: 7 **Reference Materials**: Dipalo 5 learners' textbook

Objectives: Revision of objectives covered up to date

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
writing numbers in words and numerals -addition and subtraction	-discussion -exercise writing	-past exam papers	
-Number expansion -comparing	-discussion -exercise writing	-past exam papers	
-rounding off	-discussion -exercise writing	-past exam papers	
-fractions -percentages	-discussion -exercise writing	-past exam papers	

Teaching Plan

Week Ending: 27-03-2014 **Subject**: Social Studies **Duration: 3 days**
Topic/s: Covered topics up to date
Periods Per Week: 4 **Reference Materials**: Collegium Social Studies learners' textbook

Objectives: Objectives covered up to date

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Marriage -forms and types of marriage -divorce	-discussion -exercise writing	-past exam papers	
-family and kgotla	-discussion -exercise writing	-past exam papers	
-physical environment	-discussion -exercise writing	-past exam papers	

Teaching Plan

Week Ending: 27-03-2014 **Subject**: Religious and Moral Education **Duration: 4 days**
Topic/s: Covered topics up to date

Periods Per Week: 4 **Reference Materials**: Collegium learners' textbook 5

Objectives: Objectives covered up to date

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
What is religion -world religions	-discussion -exercise writing	-past exam papers	
-interpersonal relationships	-discussion -exercise writing	-past exam papers	
-contributions and responsibilities of religions	-discussion -exercise writing	-past exam papers	
-sacred places of different religions	-discussion -exercise writing	-past exam papers	

Teaching Plan

Week Ending: 27-03-2014 **Subject**: Setswana **Duration: 4 days** **Topic/s**: Covered topics up to date

Periods Per Week: 6 **Reference Materials**: Masa A Sele 5 learners' textbook

Objectives: Objectives covered up to this date

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Parts of speech	-discussion -exercise writing	-past exam papers	
Stories and passages	-discussion -exercise writing	-past exam papers	
Letter and composition writing formats	-discussion -chalkboard practice	-past exam papers	
Mock exam – Composition and letter writing	MOCK EXAM WRITING	EXAM PAPERS PENS RULERS PENCILS	

Teaching Plan

Week Ending: 27-03-2014 **Subject**: English **Duration:** 5 days **Topic/s**: Covered topics up to date

Periods Per Week: 7 **Reference Materials**: Collegium English 5 learners' book

Objectives: Objectives covered up to date

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Parts of speech	-discussion -exercise writing	-past exam papers	
Stories and passages	-discussion -exercise writing	-past exam papers	
Letter and composition writing formats	-discussion -chalkboard practice	-past exam papers	
Mock exam – Composition and letter writing	MOCK EXAM WRITING	EXAM PAPERS PENS RULERS PENCILS	

Teaching Plan

Week Ending: 25-06-2021 **Subject**: All Primary school Subjects **Duration: 5 days**
Topic/s: All topics covered for term 2

Periods Per Week: **Reference Materials**: Learners' textbooks, Teachers' guide, std 5 syllabus

Objectives: All subject objectives covered for term per subject

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day1 - compositions & letters (Setswana & English)	-prepare sitting arrangement -distribution of question papers -learners write test -collection of test papers -marking and recording	-pens -pencils -rulers -test papers -exercise books	
Day 2 – Agriculture and Setswana	-prepare sitting arrangement -distribution of question papers -learners write test -collection of test papers -marking and recording	-pens -pencils -rulers -test papers -exercise books	
Day 3 – English & Religious & Moral Education	-prepare sitting arrangement -distribution of question papers -learners write test -collection of test papers -marking and recording	-pens -pencils -rulers -test papers -exercise books	
Day 4 – Social studies & science	-prepare sitting arrangement -distribution of question papers -learners write test -collection of test papers	-pens -pencils -rulers -test papers -exercise books	

	-marking and recording		
Day 5 – Mathematics & CAPA	-prepare sitting arrangement -distribution of question papers -learners write test -collection of test papers -marking and recording	-pens -pencils -rulers -test papers -exercise books	

Teaching Plan

Week Ending: 18-06-21 **Subject**: Mathematics **Duration: 5 days**
Topic/s: Quadrilaterals

Periods Per Week: 7 **Reference Materials**: Dipalo Mathematics for today (Botsalano)

Objectives 2.3.1.1 identify and name quadrilaterals
2.3.1.2 investigate the relationship between angles and sides of quadrilaterals
2.3.1.3 identify quadrilaterals with equal opposite angles and sides
2.3.1.4 identify quadrilaterals with different opposite angles and sides
2.3.1.5 state properties of quadrilaterals

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – QUADRILATERALS -square, rectangle, kite, rhombus etc.	-class discussion -teacher' explanation -writing exercise -correction done	-quadrilateral in class environment - chart showing quadrilaterals	
Day 2 – ANGLES AND SIDES OF QUADRILATERAL – square: has 4 equal angles & 4 equal sides	- review of the last lesson -class discussion -teacher' explanation -writing exercise -correction done	-quadrilateral in class environment - chart showing quadrilaterals	
Day 3 – QUADRILATERALS WITH EQUAL OPPOSITE SIDES & ANGLES :	- review of the last lesson -class discussion -teacher' explanation	-quadrilateral in class environment - chart showing quadrilaterals	

rhombus, parallelogram	-writing exercise -correction done		
Day 4 – QUADRILATERALS WITH DIFFERENT OPPOSITE SIDES & ANGLE: trapezium	- review of the last lesson -class discussion -teacher' explanation -writing exercise -correction done	-quadrilateral in class environment - chart showing quadrilaterals	
Day 5 – PROPERTIES OF QUADRILATERALS: rhombus: it does not tessellate,	- review of the last lesson -class discussion -teacher' explanation -writing exercise -correction done	-chalk board illustration -chart showing quadrilaterals	

Teaching Plan

Week Ending: 18/06/21 **Subject**: science **Duration: 4 days**
Topic/s: Energy

Periods Per Week: 6 **Reference Materials**: collegium science 5 learners book

Objectives: Day 1 - 3.2.2.1 identify different sources of heat
Day 2 – 3.2.2.2 state the different uses of heat
Day 3&4 – 3.2.2.3 Demonstrate the effects of heat on the temperature and volume of a
Substance (expansion/contraction)

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – SOURCES OF HEAT: sun, fuels,	-discussion on sources of heat -experiment -excursion -explaination -oral discussion -note taking	-sun -fire wood -heater	

Day 2 – USES OF HEAT -warming our bodies -cooking food -drying our clothes	-review of the last lesson -oral discussion -explaination -oral questions -taking note	-sun -kitchen stove	
Day 3 – EFFECTS OF HEAT ON TEMPERATURE & VOLUME – when substances are heated, they increase in temperature & volume	-recap of last lesson -experimenting -oral discussion -taking notes	-spirit burner -ball and ring	

Teaching Plan

Week Ending: 18/06/21 **Subject**: Religious and Moral Education **Duration: 4 days** **Topic/s**: Peer pressure

Periods Per Week: 4 **Reference Materials**: collegium learners pupils book std 5

Objectives: Day 1 – 2.2.2.1 identify peer groups and 2.2.2.2 Discuss ways of dealing with peer pressure

Day 2 – 2.2.2.3 discuss the importance of being able to make independent decisions

Day 3 – 2.2.2.4 Evaluate peer pressure

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – PEER GROUP -class mates, team mates and friends	-discussion on peers -explaination -discussion on ways	-chart written ways of dealing with peer pressure	

	of dealing with peer pressure -taking notes		
Day 2 – IMPORTANCE OF MAKING INDEPENDENT DESCISION -to resist peer pressure	-independent reading from learners books -class discussion -explaination -oral questions asked -taking notes	-chalk board illustration	
Day 3 – PEER PRESSURE -peer pressure can either be negative or positive	-review of the last lesson -explaination -class discussion -oral questions asked -learners copy the notes	-chalk board illustration	

Teaching Plan

Week Ending: 18/06/21 **Subject**: Social studies **Duration: 3 days**
Topic/s: The people of Botswana

Periods Per Week: 5 **Reference Materials**: collegium social studies pupils book std 5

Objectives: Day 1 – 3.1.1.1 Name different groups of people of Botswana and 3.1.1.2 Discuss the origin
of different ethnic groups in Botswana
Day 2 – 3.1.1.3 draw a map showing the distribution of different ethnic groups in Botswana

Day 3 – 3.1.1.4 Discuss the advantages and disadvantages of different tribal groups living together

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – ETHNIC GROUPS FOUND IN BOTSWANA: -Bakalaka, Babirwa, Bangwato, Bangwaketsi etc.	-class discussion -explaination -oral questions asked -copying notes	-chart writtern ethnic groups found in Botswana	
Day 2 – MAP OF BOTS SHOWING LOCATION OF ETHNIC GROUPS	-explaination through demonstration -class discussion -learners draw the map	-map of Bots showing distribution of ethnic groups	
Day 3 – ADVANTAGES OF TRIBAL GROUPS LIVING TOGETHER -they learn better ways of doing things from each other	-Review of the last two lessons -class discussion -explaination through oral questions -learners copy the notes	-chalk board illustration	

Teaching Plan

Week Ending: 18/06/21 **Subject**: Agriculture **Duration: 3 days**

Topic/s: plant growth

Periods Per Week: 5 **Reference Materials**: collegium agriculture std 5 pupils book

Objectives: Day 1 – 3.1.1.1 Describe germination
Day 2 – 3.1.1.2 investigate the requirements needed for seed germination
Day 3 – 3.1.1.3 explain the requirements for plant growth

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1- SEED GERMINATION -germination is n when a seed develops into a new plant	-children observe the seed they have planted with the teacher 5 days ago -discussion on seed germination -explaination -copying notes	-sentence strip	
Day 2 – REQUIREMENTS FOR SEED GERMINATION -air, water and suitable tempreture	- review of the last lesson -observing the seeds they had planted in different requirements -class discussion - copying notes	-fridge -dry soil -vaccum	
Day 3– REQUIREMENTS FOR SEED GERMINATION -air, water and suitable tempreture	-recap of the last lesson -class discussion -explaination -oral questions asked -learners copy trhe notes	-chalk board illustration	

Teaching Plan

Week Ending: 18/06/21 **Subject**: CAPA **Duration: 5 days**
Topic/s: Drama

Periods Per Week: 8 **Reference Materials**: Katlego CAPA std 5 learners book

Objectives: Day 1 – 3.9.1.1 Explain drama
Day 2 – 3.9.1.2 list types of drama
Day 3 – 3.9.1.3 explain uses of drama
Day 4 – 3.9.1.4 identify elements of drama
Day 5 – 3.9.1.5 explain selected elements of drama

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – WHAT IS DRAMA:	-discussion of stories on radio and TV -explanation -oral discussion -copying notes	- teachers cell phone	
Day 2 – TYPES OF DRAMA:	-review of the last lesson -explanation -oral questions asked -learners copy the notes	-chalk board illustration	
Day 3 – USES OF DRAMA:	-review of the last lesson -class oral discussion -explanation -oral questions asked -copying notes	-chart written uses of drama	
Day 4 – ELEMENTS OF DRAMA:	-reading from learners text books -explanation -oral questions asked -learners copy the notes	-chart written elements of drama	
Day 5 – DRAMA ELEMENTS	-review of the last lesson -explaination -writing exercise -correction -oral discussion made		

Teaching Plan

Week Ending: 02/07/21 **Subject**: Mathematics **Duration: 5 days**
Topic/s:

Periods Per Week: 7 **Reference Materials**: dipalo Mathematics for today std 5 (botsalano)

Objectives: Day 1 – 2.4.1.1 identify lines of symmetry in two dimensional shapes
Day 2 – 2.4.1.2 identify symmetry in objects in the environment
Day 3 - 2.4.1.3 determine lines of symmetry for two dimensional shapes using paper folding
And reflection
Day 4 – 2.4.1.4 – draw lines of symmetry given a two dimensional figure
Day 5 – 2.4.1.5 complete a drawing of any two dimensional figure given a part and a line of
symmetry

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – LINES OF SYMMETRY: -a square has 4 lines of symmetry	-explaination -demonstration of finding lines of symmetry -discussion -writing exercise -correction done	-chalk board illustration	
Day 2- IDENTIFYING LINES OF SYMMETRY IN THE ENVIRONMENT	-class discussion -explaination -writing exercise -correction done	-classroom and school environment	
Day 3 – DETERMINING LINES OF SYMMETRY USING PAPER FOLDING	-explaination & demeonstration -learners identify lines of symmetry by folding	- A4 paper	
Day 4- LINES OF SYMMETRY IN TWO DIMENSIONAL SHAPES	-class discussion -writing exercise -correction done by the class	-chart showing lines of symmetry on two dimensional shapes	

Day 5 – COMPLETING A FIGURE GIVEN PART & LINE OF SYMMETRY	-review of the last lesson -demonstration -learners practice on the board -writing exercise -correction done	-chalk board illustration	

Teaching Plan

Week Ending: 02/07/21 **Subject**: science **Duration: 4 days**
Topic/s: Energy

Periods Per Week: 6 **Reference Materials**: collegium pupils book std 5

Objectives: Day 1 – 3.2.3.1 identify sources of light
Day 2 – 3.2.3.2 classify sources of light into natural and artificial
Day 3 – 3.2.3.3 Distinguish between luminous and non luminous objects
Day 4 – 3.2.3.4 Demonstrate how light is reflected from different surfaces

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – SOURCES OF LIGHT: sun, stars, torch, electricity etc	-class discussion -explanation -oral questions asked -copying notes	-sun -torch -electricity	
Day 2 – NATURAL SOURCES OF LIGHT: lightning, lightning, fire flies etc	-review of the last lesson -class discussion -explaination -oral questions asked -copying notes	-chart written natural and artificial sources of light	
Day 3: LUMINOUS OBJECTS: this are objects that are able to produce their own light e.g sun, torch, stars etc	-recap of the last lesson -oral discussion -explanation -writing exercise -correction done	-chart written luminous and non luminous objects	
Day 4: REFLECTION OF LIGHT: when light	-experimenting -discussion	-torch -classroom wall	

is reflected from a flat surface, it makes a regular reflection	-explanation -oral questions -copying notes		

Teaching Plan

Week Ending: 02/07/21 **Subject**: social studies **Duration: 3 days**
Topic/s: The people of Botswana

Periods Per Week: 5 **Reference Materials**: social studies is fun collegium std 5 pupils book

Objectives: Day 1 – 3.1.2.1 Explain the causes of tribalism
Day 2 – 3.1.2.2 Describe the dangers of tribalism
Day 3 – 3.1.2.3 suggest solutions to the problems of tribalism

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – CAUSES OF TRIBALISM: Lack of national unity	-explanation -reading from pupils books -class discussion -copying notes	-chalk board illustration	
Day 2 – DANGERS OF TRIBALISM: -civil wars -uneven distribution of resources	-review of the last lesson -class discussion -class read from pupils books -explanation -summary through oral questions	-chart written dangers of tribalism	

Day 3 – SOLUTION TO PROBLEMS OF TRIBALISM: -national unity	-review of the last 2 lessons -individual work and presentation -explanation -oral questions asked -copying notes from chalk board	-chart written solution to the problem of tribalism	

Teaching Plan

Week Ending: 02/07/21 **Subject**: Religious and Moral Education **Duration: 4 days**
Topic/s: Positive living

Periods Per Week: 4 **Reference Materials**: collegium learners text book std 5

Objectives: Day 1 – 2.3.1.1 Name organizations that exercise practical care for others
Day 2 – 2.3.1.2 state different ways in which people care for others
Day 3 – 2.3.1.3 Give reasons for caring for people in need and 2.3.1.4 state different ways in
In which people with HIV and AIDS can take care of themselves and others

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – ORGANISATION THAT CARE FOR OTHERS: -SOS, Mpule kwelagobe rehabilitation center	-oral discussion -reading from learners books -explanation -oral questions asked -note taking from the chalk board	-chart of organizations that care for other people	
Day 2 – DIFFERENT	-learners individual	-chalk board	

WAYS IN WHICH PEOPLE CARE FOR OTHERS: -helping the sick -giving the poor	work -learners presentation -explanation -reading from learners books -oral questions asked -copying notes from the chalk board	illustration	
Day 3 – REASONS FOR CARING FOR PEOPLE IN NEED	-review of the last lesson -individual work given -individual presentation -explanation -oral questions asked Learners copy the notes	-chalk board ilustration	

Teaching Plan

Week Ending: 02/07/21 **Subject**: Agriculture **Duration: 3 days**
Topic/s: soil fertility

Periods Per Week: 5 **Reference Materials**: collegium agriculture pupils book std 5

Objectives: Day 1 – 3 : revision of the topic soil fertility, objective 2.3.1.1 – 2.3.1.

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – ORGANIC FERTILIZES -this are fertilizers made from the remains of plants and animals & animal	-learners presentation -oral questions asked -writing a quiz -marking of learners books -correction	-kraal manure -chicken manure -garden compost	

droppings			
Day 2 –INORGANIC FERTILIZERS -this are fertilizers made by people in factories eg super phosphate, LAN	-learners presentation -oral questions asked -writing a quiz -marking of learners books -correction	-pictures of organic fertilizes -chart written organic fertilizers	
Day 3 –WAYS OF IMPROVING THE FERTILITY OF THE SOIL -adding organic fertilizers -practicing crop rotation	-learners presentation -oral questions asked -writing a quiz -marking of learners books -correction	-chart written ways of improving soil fertility	

Teaching Plan

Week Ending: 02/07/21 **Subject**: CAPA **Duration: 4 days** **Topic/s**:

Periods Per Week: **Reference Materials**:

Objectives: Day 1 – 4.1.3.1 explain budgeting
Day 2 – 4.1.3.2 explain the importance of budgeting
Day 3 – 4.1.3.3 analyze the parts of a budget
Day 4 – 4.1.3.4 discuss effective ways of budgeting

Content	Activities	Teaching/ Learning Aids	Lesson Evaluation
Day 1 – BUDGETING -this is a plan on how to use money wisely	- class oral discussion - explanation - oral questions -copying notes	-chalk board illustration	
Day 2 – IMPORTANCE OF BUDGETING -to avoid over spending	-review of the last lesson -individual writing exercise -explanation -oral questions -copying notes	-Chalk board illustration	
Day 3 – PARTS OF ABUDGET -income -expenditure	- class discussion - explanation - oral questions -writing exercise -correction -copying notes	-chart showing a budget	
Day 4 – EFFECTIVE WAYS OF BUDGETING	-learners presentation -explanation -class discussion -copying notes	Chalk board illustration
